

TECHNICAL DATA SHEET

Product code: 5527

Sector: Industrial

Issue No: 2

Issue Date: 02/02/22

BIO CHAIN BAR OIL

Combination of vegetable oils and synthetic bio-degradable ester with ashless E.P. additive.

Application

Use as received for lubrication of chain saw cutting bar.

Features & Benefits

- Chain bar lubricants are consumed on a 'total loss system' and as such the lubricant contaminates the ground.
- The use of a biodegradable lubricant for this purpose is both desirable and in some instances mandatory.

Performance Profile

- The formulation uses a proven E.P. additive system that has been tested under arduous conditions whilst meeting the following OECD requirement 301 with regard to biodegradability.

Typical Characteristics

Specific Gravity @ 15°C	0.938
Kinematic Viscosity @ 40°C	89.78cSt
