

TECHNICAL DATA SHEET

Product code: 7604

Sector: Industrial

Issue No: 3

Issue Date: 11/08/23

MOULD OIL 2780

A blend of selected mineral base stocks with additives to provide mould release properties. Particularly suitable for electrostatic spray applications for complete mould coverage

Application

Use as received for effective release from the mould. Excessive build-up of product especially in corners should be avoided. Apply by electrostatic spray, spray, brush or roller.

Features & Benefits

- Produces a good surface finish.
- Excellent separation properties.
- Suitable for a variety of moulds.
- Electrostatic spray application has the potential to reduce overall usage.
- Readily biodegradable.

Typical Characteristics

Specific Gravity @ 15°C	0.889
Kinematic Viscosity @ 40°C	105cSt
Flashpoint °C	200
