

PRODUCT DATA SHEET

PRODUCT NAME/VISCOSITIES:

VSPe POWER PLUS 500ml Multi Shot

Product No	7917
Issue No.	4
Issue Date	01/06/23

DESCRIPTION:

This product is an 'all in one', multi shot, petrol fuel treatment providing ethanol protection, lead replacement and an octane improver that adds up to two octane numbers (20 points) to unleaded petrol.

APPLICATION:

Suitable for passenger car and light commercial vehicles (LCV).

Recommended for all classic engines previously requiring leaded fuel and now running on E5 or E10 unleaded petrol.

DOSAGE RATE:

One 500ml bottle treats:

500 Litres (10 x 50L tanks) of unleaded fuel

1ml/1 Litre of unleaded fuel

Note: Multi-shot intended for frequent use
i.e. on every fill up.

USER BENEFITS:

- Octane enhancement of up to 2 octane numbers (20 points) dependent on fuel quality.
- Prevents valve seat recession when used with unhardened valve seats.
- Prevents detonation, hot spots & over run.
- Prevents fuel system corrosion and helps protect components.
- Combats the adverse effects of ethanol found in E5 and E10 unleaded petrol.
- Carburettor anti-icing formula.
- Contains anti oxidant to improve fuel life.

TYPICAL CHARACTERISTICS:

Specific gravity at 15°C	0.945
Flashpoint °C	70
Colour	clear

Storage instructions: avoid strong direct light and heat

HEALTH AND SAFETY:

Health and Safety Data Sheet 7917 applies to this product. When used for the purpose recommended and with due regard to the appropriate Health and Safety Data, the product should cause no concern. If in doubt, consult with Millers Oils technical department.
