

TECHNICAL DATA SHEET

Product code: 7933 **Sector:** Motorcycle, Scooter & ATV

Issue No: 4

Issue Date: 01/11/24

Classic 2T

2 stroke oil for use in classic motorcycle and scooter applications.

Description

A mineral 2 stroke engine oil, designed to work in classic applications where maximum lubricity and protection is required. The traditional technology used is ideal for the older air-cooled engines, and the low ash formulation prevents ring sticking, piston seizure and plug fouling.

Application

Suitable for use in classic motorcycle and scooter applications where 2 stroke oil is required.

Directions for use

If automatic lubrication system add to the designated tank. If self-mix then mix with petrol at the ratio recommended by the equipment manufacturer typically 40:1 up to 50:1.

Performance Profile

API TC, TB, TA
JASO FC, FB
ISO-L-EGC

Features & Benefits

- Low ash formulation.
- Reduced throttle sticking.
- Dyed 'blue' for easy recognition of the product and treated fuel.

Typical Characteristics

Density @ 15°C, g/ml	0.892
Kinematic Viscosity @ 100°C, cSt	13.8
Flash Point, °C	230
Colour	Blue
