Features & Benefits

- XF Premium ATF provides enhanced low temperature flow when cold starting, instantly protecting the vital components of the gearbox from the very start of every journey.
- XF Premium gearbox oil maximises viscosity stability at high temperatures. This reduces gearbox wear giving superior component protection.
- Delivers outstanding lubrication and instant protection under hot and cold temperatures.
- XF Premium ATF oil is specifically formulated for use in hybrid systems including self-charging hybrid electric vehicles (HEV) and plug in hybrid electric vehicles (PHEV).
