TECHNICAL DATA SHEET

Product code: 8515 Sector: Automotive (Passenger Car & LCV) Issue No: 2 Issue Date: 11/08/25

XF PREMIUM ENGINE OIL C5 P 0w20

Fully Synthetic, mid SAPS, for use in petrol/gasoline & diesel engines including hybrid applications.

Application

A premium engine oil formulated predominantly for the PSA group including Peugeot, Citroen & DS and other Stellantis group manufacturers including Opel and Vauxhall as well a range of European and Asian manufacturers.

Performance Profile

ACEA C5 API SP PSA B71-2010

Suitable for

API SP RC, SN PLUS RC, SN PLUS, SN Fiat 9.55535-DM1

Typical Characteristics

Density	0.845
Kinematic Viscosity @ 100°C, cSt.	8.5
Flashpoint, °C	>200

Features & Benefits

- XF Premium engine oil with Millers Oils Dynamic Fluid Technology (DFT) provides enhanced low temperature flow when cold starting, instantly protecting the vital components of the engine from the very start of every journey.
- Specifically engineered to enhance engine cleanliness, delivering improved fuel economy, reduced emissions and extended service drain capability.
- Compliments and utilises latest mid SAPS technology protecting after treatment systems such as particulate filters, Selective Catalytic Reduction (SCR) and AdBlue delivering our ultimate soot control and environmental protection.
- Delivers outstanding instant protection under hot and cold temperatures, whilst simultaneously reducing fuel consumption and lowering exhaust emissions.
- Delivers outstanding LSPI (Low Speed Pre-Ignition) protection and our ultimate in turbo charger care, even under the most extreme operating conditions.
- Specifically formulated for use in all hybrid systems including self-charging hybrid electric vehicles (HEV) and plug in hybrid electric vehicles (PHEV).

Footnotes: SAPS – Sulphated Ash, Phosphorus & Sulphur, DFT – Dynamic Fluid Technology, OEM - Original Equipment Manufacturer. Asian manufacturers – Including but not limited to Honda, Hyundai, Infiniti, Kia, Lexus, Nissan, Suzuki and Toyota.
