

TECHNICAL DATA SHEET

Product Code: 7915 Sector: Classic

Issue No: 1 Issue Date: 18/09/20

CLASSIC SPORT 20w60

A extra high performance product has a SAE viscosity grade of 20w60 and is a semi synthetic multigrade engine oil.

Application

Ideally suited to Aston Martin, Jaguar, Ferrari, Lotus and similar high specific output engines, yet suitable for all discerning owners who want the best possible oil for their classic engine.

Performance Profile

API SJ

Suitable for

This extra high performance product has a SAE viscosity grade of 20w60 and is a semi synthetic multigrade engine oil. This product is made with enhanced performance additives and shear viscosity improvers to deliver higher protection at competition temperatures. It is formulated with full ZDDP (zinc/phosphorus) for ultimate protection.

Features & Benefits

- Uses latest lubricant technology to engineer a premium semi synthetic multigrade for high performance classic engines.
- Incorporation of high levels of synthetic base fluids provides increased protection under arduous conditions of load and temperature.
- Maintains high oil pressures and reduces oil consumption.
- Added viscosity for high performance or for tuned vehicles that need extra protection over the 20w50.

Typical Characteristics

Density @ 15°C, g/ml	0.888
Kinematic Viscosity @ 100°C, cSt.	22.7
Flashpoint, °C	>200
