EDUCATION

Master of Information Systems Management <i>Brigham Young University - Marriott School of Business</i>	Provo, UT
	Apr 2026
▪ GPA 3.93 / 4.00	
▪ Coursework: User Experience Design, IS Product Management, Project Management & System Design, Managing Software Startup, Mobile Platform Development, Computer Programming	
▪ Marketing Lead, Korean Business Student Association (KBSA) (2022-2024)	

SKILLS AND CERTIFICATIONS

▪ Tools: Figma, Adobe (Photoshop, Illustrator, XD), HTML/CSS, JavaScript, React, GitHub, AWS
▪ UX Research & Testing: User Interviews, A/B Testing, Usability Testing, Information Architecture
▪ UX/UI Portfolio: https://skysonguxdesign.com
▪ Certifications: AWS Cloud Practitioner (Jul 2027), FinOps Certified Practitioner (Feb 2027)
▪ Military Service: Squad Lead & K1E1 Tank Driver, Republic of Korea Army (2018-2020)

PROJECTS

KCut Connect AI - Korean Hair Designer Matching & Booking platform <i>UX/UI Designer • Web Developer</i>	Startup Project
	Sep 2025 - Dec 2025
▪ Conducted 20+ user interviews and ran two validation cycles to design a stylist discovery and booking flow, cutting average booking time by 40% (6.5 to 3.8 minutes) in usability testing	
▪ Improved website credibility by implementing stylist reviews and ratings in front-end, raising trust scores to 95% after initial validation	

AWS AI Cost Estimator

Research Project
Jan 2025 - Apr 2025

<i>Product Manager</i>
▪ Diagnosed overly complex, input-heavy workflows in the AWS Cost Calculator and restructured the experience into an AI-guided chat flow, cutting estimation steps by 60%
▪ Defined MVP scope and priorities with MoSCoW, PRD, and Kano, shortening scenario edit cycles and improving user confidence by 70% during usability testing

AI Ad Video Generator

Google AI Hackathon
June 2024 - July 2024

<i>UX/UI Designer • Front-End Engineer</i>
▪ Designed and shipped an end-to-end UI within a 3-day sprint by benchmarking five top-rated AI video tools, distilling common interaction patterns into a streamlined prompt, preview, and export flow
▪ Built a React front-end with state-driven components and mock data, enabling rapid UI iteration without backend dependency and shortening iteration cycles by 25%

EXPERIENCE

UX/UI Designer • Front-End Engineer – Scripture Citation Index Web App <i>Brigham Young University, Information Systems Department Prof. Steve Liddle</i>	Provo, UT
	Sep 2025 - Present
▪ Redesigned the UX for a live platform serving 1,000+ users, replacing a legacy text-heavy interface with a modern, search-first experience and eliminating 30% of lookup steps	
▪ Enabled implementation to start 7 days earlier by conducting 15+ user interviews and translating insights into clear design artifacts (flows, wireframes, prototypes)	

Identity & Access Management Intern

Riverton, UT
Apr 2025 - Aug 2025

<i>The Church of Jesus Christ of Latter-day Saints Faith Cowley.</i>
▪ Identified MFA usability issues through 5 Applitools-based UX testing cycles, documenting findings and helping resolve ~80% of issues before release for a sign-in widget used by 10M+ users
