SAP TRAINING PROGRAM

ABOUT SAP

SAP is a German multinational software corporation based in Walldorf, Baden-Württemberg, that develops enterprise software to manage business operations and customer relations.

SAP or System Application and Products, is a widely-used enterprise resource planning (ERP) software. SAP creates a centralized system for businesses that enables every department to access and share common data to create a better work environment for every employee in the company.

SAP TRAINING PROGRAM - COURSE CURRICULUM

SAP FICO (FINANCE & CONTROLLING)

SAP FICO Stands for **FI (Financial Accounting)** and **CO (Controlling)**. **SAP FICO** is the important module of ERP and both FI and CO modules stores the complete financial transaction data of an organization.

SAP SD (SALES & DISTRIBUTION)

SAP Sales and Distribution (SAP SD) is a core functional module in SAP ERP Central Component (ECC) that allows organizations to store and manage customer- and product-related data. Organizations use this data to manage all of the sales ordering, shipping, billing, and invoicing of their goods and services.

SAP TRAINING PROGRAM - COURSE CURRICULUM

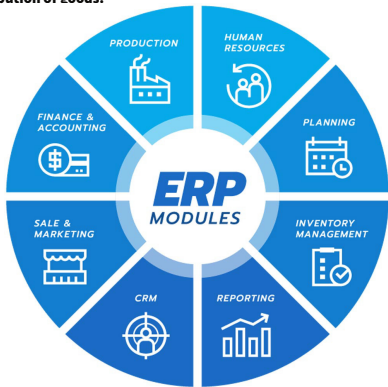

SAP MM (MATERIAL MANAGEMENT)

SAP MM (Materials Management) is a module of the SAP ERP software package from SAP AG that is used for Procurement Handling and Inventory Management. SAP Materials management covers all tasks within the supply chain, including consumption-based planning, planning, vendor evaluation and invoice verification.

SAP PP (PRODUCTION PLANNING)

SAP Production Planning (SAP PP) is the component of ERP Central Component (ECC) that helps businesses plan the manufacturing, sale and distribution of goods.

WHO CAN LEARN SAP?

WHO CAN LEARN SAP?

➤ The SAP Training Program expands on SAP's existing engagement with educational institutions. Designed to provide convenient and cost-effective SAP training to aspiring students through SAP Student Training Program enables to offer training that increases their students' SAP knowledge and helps move them to the top of employers' job applicants list.

➤ It's made up of two key components that help student achieve their career and learning objectives: SAP learning hub, a student edition that gives student training content to expand their knowledge of SAP across a wide range of subject area, SAP E-Training, student edition provides.

WHY SAP?

Advanced data management

Avoid Duplication & Ensure Transparency Services

Revamp Performance Efficiency

Integration with other Value chain Participants

Security Assurance

Excessive Mobility

Reliable Customer

Highly Customizable

Cost Efficient

Absolute Analysis & Forecasting

WHY LEARN AT INNOVTECH SOLUTIONS?

Bridging the Industry-GAP

Online & Offline training

Build Knowledge based economy with cost effective program

from the best faculty team in Maharashtra.

Complete study material authorized by SAP

Real-time training Project Exposure

Flexible batch timings

SAP software access to all individuals

Individualized personal interaction with faculty team to clarify doubts if any

100% Placement Guarantee

***Course:
SAP
Fee :
Rs. 29,999/-***

CA, CMA, CS, ACCA, CIMA, CFA

MBA (Finance, Sales, Marketing, HR, Operations, SCM, IT, Systems)

PGDM / PGDBA (Finance, Sales, Marketing, HR, Operations, SCM, IT, System)

SAP MATERIALS MANAGEMENT - SYLLABUS

Introduction to SAP MM

- Overview of SAP ERP and SAP MM
- Role and Importance of SAP MM in Business Processes
- SAP MM Organizational Structure: Plant, Storage Location, Purchasing Organization
- Navigating the SAP GUI

Master Data in SAP MM

- Material Master Data: Creation and Maintenance
- Vendor Master Data: Creation and Maintenance
- Source List
- Purchasing Info Record

Procurement Process

- Purchase Requisition
- Request for Quotation (RFQ)
- Purchase Order (PO) Creation
- Types of Purchase Orders
- Release Strategies for Purchase Orders

Inventory Management

- Goods Receipt
- Goods Issue
- Transfer Postings
- Reservation
- Stock Transfer
- Special Stock Types (e.g., Consignment, Vendor Managed Inventory)

Valuation and Account Determination

- Valuation and Price Control
- Account Determination in MM
- Split Valuation
- Material Ledger

Invoice Verification

- Invoice Receipt and Verification
- Invoice Block and Release
- Automatic Invoice Verification
- Invoice Verification against Purchase Order and Goods Receipt

Special Procurement Processes

- Subcontracting
- Third-Party Processing
- Consignment Procurement
- Pipeline and Stock Transport Orders

Consumption-Based Planning

- Reorder Point Planning
- Forecast-Based Planning
- Materials Requirements Planning (MRP)
- Automatic Goods Receipt Posting (GR Processing Time)

Vendor Evaluation and Performance Measurement

- Vendor Evaluation Criteria
- Evaluation Scores and Rankings
- Reporting on Vendor Performance

SAP MM - SYLLABUS

Reporting and Analytics

- SAP MM Information System
- Standard Reports in SAP MM
- Custom Reports and Queries
- Business Intelligence (BI) Integration: SAP BW and SAP BusinessObjects

Integration with Other SAP Modules

- Integration with SAP SD (Sales and Distribution)
- Stock Determination
- Delivery Processing
- Integration with SAP PP (Production Planning)
- Material Requirements Planning (MRP)
- Production Order Integration
- Integration with SAP WM (Warehouse Management)
- Goods Receipt and Goods Issue Processes
- Integration with SAP QM (Quality Management)

Configuration and Customization

- Customizing SAP MM
- Procurement Configuration
- Inventory Management Configuration
- Valuation and Account Determination Configuration
- Invoice Verification Configuration

Project and Case Studies

- Real-world SAP MM project scenarios
- Hands-on exercises and case studies
- Implementation Best Practices

SAP MM - SYLLABUS

SAP MM Best Practices

- Best practices in procurement and materials management
- Optimization and Efficiency Strategies
- Performance Tuning

Certification Preparation and Mock Tests

- Review of Key Concepts
- Practice Exams and Mock Tests
- Tips for SAP MM Certification
