Summary

With + 15 years of project management experience across Marketing, E-commerce, Financial Services, and Fashion, I've led significant initiatives like the implementation of Wrike tool at Mindshare Germany and managed new product development in E-commerce with teams across EMEA.

An expert in Agile and Scrum, I've consistently driven efficiency, innovation, and improved process performance by 25%. My leadership and communication skills, coupled with my PMP certification, have been key to these successes.

Committed to continuous improvement and delivering exceptional results, I aim to utilize my skills and experiences to add substantial value in my next role.

Work Experience

Senior Project Manager

Nov 2021 - Present

Mindshare GmbH, Germany

- Successfully led the deployment of the Wrike Project Management tool across the entire Mindshare Germany agency, impacting 450 employees. This involved establishing new processes and workflows, which led to enhanced transparency, boosted efficiency, and better alignment with organizational objectives.
- Managed stakeholder relationships effectively during the Wrike implementation process, securing their support and addressing their needs and concerns.
- Developed a comprehensive Project Management training program for the entire Mindshare Germany agency, facilitating enhanced collaboration among different units and projects, while sharing the knowledge and principles of agile methodologies in the marketing field.
- Successfully led the development of Power Apps for in-house project management and documentation purposes, ensuring efficient and effective project execution.
