

Do you know exactly* how much energy you use?

*There could be blindspots in your energy usage & ways to save on your bottom line.

Energy Audits

Gain expert insight to identify exactly how much energy is used where, along with challenges and solutions that can enhance your bottom line. A 25% cost-share is required.

Renewable Energy Development Assistance

Design and implement strategic solutions customized to your company's goals for achieving maximum energy savings.

The Why

This program strengthens American energy independence by increasing renewable energy and energy efficiency improvements. Over time, these investments help lower energy costs for small businesses and agricultural producers.

Who Are We?

Zero Emissions Northwest, along with the Spokane & Franklin Conservation Districts, have teamed up to become an **official USDA EA/REDA contractor**, specializing in conducting energy assessments, energy audits and developing renewable energy projects for agricultural producers and rural small businesses, **resulting in cost savings that would otherwise go undetected.**

What is EA / REDA?

This USDA program assists rural small businesses and agricultural producers by conducting and promoting **Energy Audits** and providing **Renewable Energy Development Assistance (REDA)**.
