

A woman with long brown hair, wearing a grey sweater and blue jeans, is sitting in a red armchair. She is holding a white mug and looking out a window. The room is bright and modern, with a wooden coffee table and a sofa in the background.

Founded in Denmark in 1981, our brand has been dedicated to the design and production of premium reclining chairs for over four decades. Our philosophy combines Scandinavian design tradition with advanced engineering to create furniture that offers exceptional comfort, durability, and timeless elegance.

Every chair is crafted using carefully selected, high-quality components and materials. With fully in-house European production, we maintain complete control over every stage of manufacturing, ensuring consistent quality and precision in every detail.

At the core of our comfort is cold-cured molded foam, engineered to provide superior ergonomic support while maintaining its shape and resilience over many years of use. To reflect our confidence in this technology, we proudly offer a 10-year warranty on our foam.

Safety and reliability are fundamental to our design philosophy. For this reason, our fully reclining chairs are engineered without scissor mechanisms, ensuring a safer and more durable construction—particularly important for households with children and pets. Each model can be individually tailored through a wide selection of fabrics, premium leathers, bases, and finishes, allowing every customer to create a chair that perfectly complements their interior.

Our reclining systems are developed using proprietary engineering and the highest-grade materials, placing our furniture among the finest in the world. Fully reclining models are available in both manual and electric versions, featuring dual independent motors, an optional battery pack, and Bluetooth connectivity for smartphone control, delivering effortless comfort at the touch of a button. The result is a chair designed not only to look beautiful, but to provide lasting comfort and performance for years to come.

Thank you for choosing Verikon.

MADE IN EUROPE

VERIKON.com

For **XYZ** Generations

Perfect for **any** living space.

The Chairs combine functionality with elegance, making it a must-have addition to **Your Home**.

Immerse yourself in complete comfort with our full recline chairs. Featuring luxurious reclining functionality, an integrated footrest, and adjustable headrest support, these chairs are designed for the ultimate relaxation experience.

- **Manual or Electric:** Select a manual recliner for classic comfort or an electric version with dual motors for effortless adjustments.
- **Reclining Back:** Find your perfect position for napping, reading, playing games or just watching TV.
- **Safe Footrest:** The built-in footrest extends smoothly, ensuring safety for children and pets.
- **Standalone Footstool:** A separate footstool allows you to rest your feet comfortably or use it as an additional seating option.
- **Adjustable Headrest:** Customize your support for optimal comfort.
- **Easy Swivel:** Move around freely without the hassle of repositioning the entire chair.
- **Relax with confidence:** Full Relax Chairs are engineered for years of worry-free use.
- You can choose classic still modern Touch Buttons or Remote Control with Cell Phone Application.

We rigorously test our chairs to withstand over 20,000 cycles of opening and closing, ensuring smooth operation for years to come. Experience lasting comfort: Made with certified high-density foam, our chairs won't lose their shape or support - that's why we confidently offer a 10-years warranty.

VERIKON.com

DID YOU KNOW?

Our Chairs Are Made of Cold Cured Moulded Foam.

- ✓ They are much more comfortable, and the chairs always look the same because its appearance does not depend only on the manual skills of the upholsterer, but on the foam shape itself.
- ✓ Springs embedded in the foam provide better seating comfort.
- ✓ Density of the foam is usually between 55 and 65 kg / m³. Hardness is also always chosen individually to the chair and if it is seat or back it is different.
- ✓ Guarantee for the foam itself we can Easy offer 10 years. This comes from the quality of the chemicals and the density used.
