

The logo is a circular emblem with a purple-to-white gradient. It features the text 'SCARROZ' in a large, black, serif font, with a stylized purple 'O' that has a white diagonal line. Below 'SCARROZ' is the word 'STUDIO' in a smaller, black, serif font, and 'DESIGN' in an even smaller, black, sans-serif font. Several small, multi-pointed starburst graphics in purple and red are scattered around the text within the circle.

WEDDINGS & RELATED CELEBRATIONS

From the first announcement to the final thank you, Scarroz Studio Design creates thoughtfully designed wedding stationery that flows seamlessly through every phase of your celebration.

ABOUT OUR WEDDING STATIONERY

Wedding stationery is more than paper. It's how your guests experience your celebration before it begins, how they move through events, and how they remember them afterward.

At Scarroz Studio Design, we design wedding stationery as a complete system. Each event is visually connected, thoughtfully structured, and easy for your guests to follow. You can choose from ready-made designs or request a fully custom theme based on your vision, culture, and ceremonies.

Our designs are created for:

- Indian and multicultural weddings
- Traditional, modern, and fusion celebrations
- Intimate gatherings or large multi-day weddings
- Couples who want both beauty and organization

HOW OUR WEDDING STATIONERY WORKS

Step 1: Submit a Free Consultation Request

Start by filling out the wedding stationery consultation form on our website. This helps us understand your events, timeline, and needs.

Step 2: Consultation & Guidance

During the consultation, we guide you on:

- What stationery you actually need (and what you don't)
- Which events require printed vs digital items
- Whether a ready-made or custom theme works best
- How to avoid over-ordering or last-minute confusion

Step 3: Mandatory Intake Form

After the consultation, you receive a detailed project intake form. This is required before any design work begins and gives you full control over your details.

HOW OUR WEDDING STATIONERY WORKS

Step 4: Quotation & Confirmation

You receive a customised quotation based on:

- Number of events
- Quantity
- Materials
- Design complexity

Step 5: Design, Approval & Production

Once confirmed, we move into design, revisions, and production, followed by quality checks and delivery.
