---

## **Focus on Stakeholder Satisfaction**

Regularly check in with stakeholders to ensure their expectations are being met.

Satisfied stakeholders are more likely to support the project.

# Use Prototypes to Validate Ideas

Create prototypes or  
mock-ups to validate ideas  
before full-scale  
implementation.

Prototypes help identify  
potential issues early on.

---

# Use Time-blocking Techniques

Encourage team members to use time-blocking techniques to focus on specific tasks.

Time-blocking improves productivity and reduces distractions.
