3 Common Mistakes

with solutions

PROJECT MANAGEMENT

→

Unrealistic Timeframes

SOLUTION

Set realistic deadlines by consulting with team members and referencing previous projects for better estimates.

Incorporate time buffers to account for delays.

Overloading the Project with Unnecessary Features

SOLUTION

Avoid adding unnecessary features or tasks that don't align with the project's core objectives.

This reduces complexity and prevents delays.

Not Setting Performance Incentives

SOLUTION

Establish performance incentives to motivate the team and encourage high-quality work.

Incentives can drive productivity and increase overall project success.
