Hello beautiful souls, and welcome to this Oracle Guidebook!

I am here to accompany you on a transformative journey where you'll connect with the divine energies and learn how to embody them to bring the support of the universe into your daily life.

These cosmic beings hold the key to unlocking your highest potential and aligning you with your soul's purpose. So, let's embrace the journey and prepare to unfold the layers of wisdom these deities have to offer us.

Before you dive into a reading, it's essential to clear the energy of your oracle deck. This ensures that the messages you receive are pure and uninfluenced by any previous readings or energies. One effective way to do this is by knocking on the cards.

# PREPARE FOR A READING

Hold the deck in one hand and use the knuckles of your other hand to knock on the top card three times. Visualize any stagnant or lingering energies dissipating into the ether.

## **Touching the Four Corners**

Another technique to align and activate the energy of the deck is to touch each corner of it. Start with the top left corner and move clockwise, touching all four corners. As you do this, imagine a protective light encasing the cards, sealing in the divine wisdom they hold.

## **Taking a Cleansing Breath**

Before you shuffle, take a moment to center yourself. Inhale deeply through your nose, filling your lungs entirely, and then exhale through your mouth, releasing any tension or distractions. This cleansing breath helps to clear your mind and focus your energy, preparing you for the reading.

## **Setting Your Intention and Asking a Question**

Once you feel centered, hold the deck close to your heart and think of a question or intention for the reading. Make it clear and specific, allowing your thoughts to permeate the cards. Feel free to say the question out loud or keep it in your mind—what matters most is your focused intention.

## **Shuffling and Choosing a Card**

Now, shuffle the deck while keeping your question or intention in mind. Trust your intuition to guide you; there's no right or wrong way to shuffle. When you feel ready, draw a card from the deck. As you reveal the card, take a moment to absorb its imagery and symbolism before referring back to this guidebook for its meaning and message.

This preparatory ritual aims to enrich your oracle card experience, making each reading a personal and powerful tool for spiritual exploration.
