Instructions:

Step 1 - Print out the template.

Step 2 - Place parchment paper or a clear plastic sheet over the template.

Step 3 - Use your 3D pen to trace over the main circle of the eye. Make 6.

Step 4 - Use the corss in the middle to line up and join the circles to make a sphere.

Step 5 - Use your 3D pen to fill the sphere in.

Step 6 - Choose an iris and pupli shape and fill them in.

Step 7 - Join all the shapes togeather and enjoy your spooky eye!

Tips:

Experiment with differnt colors and patterns when tracing over the shapes.

Use more filament to make shapes stronger.
