Instructions:

Step 1 – Print out the template.
Step 2 – Place a clear reading overlay over the template. You can also use bakeing parchment.
Step 3 – Use your 3D pen to trace over the lines of the guitar body and fill it in. Leave the circle empty.
Step 4 – Connect the two body sections.
Step 5 – Trace and fill in the gituar neck. Go over this shape several times to make it stronger.
Step 6 – Connect the body and neck of the guitar and use your 3D pen to add strings along the guitar.
Step 5 – Enjoy!

Tips:

Experiment with differnt colors and patterns when tracing over and filling in the shapes.
Use more filament to make shapes stronger.
