Instructions:

Step 1 – Print out the template.

Step 2 – Place a clear reading overlay over the template. You can also use bakeing parchment.

Step 3 – Use your 3D pen to trace over the lines of the guitar body and fill it in. Go over the dials and plates several times to add detail to the body.

Step 4 – Connect the two body sections.

Step 5 – Trace and fill in the gituar neck. Go over this shape several times to make it stronger.

Step 6 – Connect the body and neck of the guitar and use your 3D pen to add strings along the guitar.

Step 5 – Enjoy!

Tips:

Experiment with differnt colors and patterns when tracing over and filling in the shapes.

Use more filament to make shapes stronger.
