TIME MEMORY

Warm Radiance In Illusion

时光记忆
幻影中的温馨光辉

灵感源自古老的幻灯片，时光记忆系列灯具由 80 块精细切割的木板组成，如同影印岁月的幻影。这些木板通过亚克力悬架固定在一起，形成一个圆环状的灯具，通过三根钢丝绳优雅地悬挂在空中。光源采用硅胶管状环形灯带，光线经过漫反射照射到木板上，散发出柔和的光芒，同时避免了直射光对视觉的影响。时光记忆系列灯具巧妙地结合了人造材料和天然木材，创造出独特的当代设计，展现出强烈的雕塑美学。让每一次点亮，都如同回忆中的光影，带来温馨与艺术的完美融合。

Inspired by ancient slides, the Time Memory series of lighting fixtures consists of 80 finely cut wooden boards, resembling phantoms imprinted with time. These wooden boards are fixed together by acrylic suspension to form a circular light fixture, elegantly suspended in the air by three steel wires. The light source adopts a silicone tube shaped circular light strip, and the light is diffused and reflected onto the wooden board, emitting a soft glow while avoiding the visual impact of direct light. The Time Memory series of lighting fixtures cleverly combines artificial materials and natural wood to create a unique contemporary design that showcases a strong sculptural aesthetic. Let every illumination be like light and shadow in memories, bringing a perfect fusion of warmth and art.
