## Forming Plurals in English

To form the plural of most nouns in English, we usually add -s, -es, or change -y to -ies depending on how the word ends.

- Add **-s** to most words: dog → dogs, car → cars
- Add **-es** to words ending in -ch, -sh, -s, -x, or -z: box → boxes, bus → buses
- Change -y to **-ies** if the word ends in a consonant + y: baby → babies
