

7th Edition • April 28-30, 2026 • Los Angeles

# V2G Business, Policy & Technology Forum: Spring

**Addressing Challenges, Achieving the Potential of V2G**

## V2G for enhancing grid resiliency, accommodating projected load growth and enabling flexible load programs

The 7th edition of the **V2G Business, Policy & Technology Forum**, April 28-30, 2026 in Los Angeles brings together top industry players, working groups, utility professionals and others who are focused on the successful development and implementation of vehicle-to-grid in the United States.

Building on the success of previous editions, the Forum offers a neutral venue in which different V2G stakeholders can come together to work on accelerating V2G standardization and adoption in North America.

The goal is to examine obstacles and challenges to

effectively achieving the potential of V2G, and to identify appropriate solutions and implementation success strategies for grid operators and other stakeholders across market verticals.

Host-sponsored by Southern California Edison, the Spring 2026 event will focus on questions such as: What best practices are being advanced? Which states are leading the effort? What are the viable compensatory business models for Auto OEMs, energy market operators, utilities, aggregators, charging network operators, fleet owners, residential EV owners, etc.? What are the latest utility programs that are being implemented, and what have been the key findings? The Forum will also offer an overview of recent technology and standards progress in the V2G space, including recent pilots, programs and commercial deployments.

**"Great! Didn't think I could learn much more on the topic but the Forum was very enlightening."**

*-Joshua McDonald, Consulting Engineer, Southern California Edison*

**"Excellent conference. Gathering of so many diverse experts provided a clearer statement of problems and gaps but above all focused on solutions. Great networking!"**

*- Bjoern Christensen, Managing Director, Next-Dimension Advisors*

**Host Utility Sponsor:**

SOUTHERN CALIFORNIA  
**EDISON**

An EDISON INTERNATIONAL Company

**Organized by:**

**SGO** Smart Grid  
Observer

## Past Participants Include

ABB E-Mobility	Ennovara	Nuvve
AIO Electric	Enphase Energy	Pacific Gas and Electric
Alliance for Automotive Innovation	Entergy	Pacific Northwest National Laboratory
American Center for Mobility	EPC Power	Paratelic Ventures
Autel Energy	ev.energy	Peninsula Clean Energy
Automotive OEM	EVEnviro.net	PG&E
BC Hydro	Fermata Energy	QCells
BMW AG	Flex Power Control	QualityLogic
BorgWarner Inc	Ford Motor Company	Quanta Technology
California Air Resources Board	Fronius USA, LLC	Rhombus Energy
California Energy Commission	General MicroGrids	Rimot
CALSTART	General Motors	S&P Global
CHAdeMO NA	GM Energy	Salt River Project
Chariot Energy	Honda	San Diego Gas & Electric
Chrysler Group LLC	Hoosier Energy	Siemens
Customized Energy Solutions	Idaho National Laboratory	SMA America
CybSecBCML	IEEE	Smart Electric Power Alliance
dcbel	IEMS	SMUD
Dean Taylor Consulting	Innovation Core SEI	Southern California Edison
Dejalytics Inc.	Integrit Analytics Ltd	Stellantis
DEKRA SE	Interstate Renewable Energy Council (IREC)	Sunnova
Delta Electronics	Kaluza	Sunrun
DER Security Corp	Keysight Technologies	TeMix Inc.
Derapi	Kitu Systems	Tesla
Diamond Electric	Landis+Gyr	The Climate Center
Department of Energy Vehicle Technologies Office	Lucid Motors	The Mobility House
DTE Energy	Lumian Foundation	Toyota
Eaton	Mercedes-Benz R&D North America	U.S. Department of Energy
ElaadNL	Michigan Energy Innovation Business Council	UL
Electric Power Research Institute	National Grid	University of Delaware
eMobility Advisors	National Renewable Energy Laboratory (NREL)	Utilidata
Emporia Energy	Next-Dimension	Vehicle-Grid Integration Council
Energy and Environmental Economics, Inc.	NineDot Energy	WeaveGrid
Energy Profit LLC	Nissan North America	WiTricity Corporation
Enetrics		World Resources Institute
		Xcel Energy

# Agenda

*Note: Subject to change. Additional speakers TBA*

## Tuesday, April 28, 2026

### 9:00 - 9:30 am **Opening Keynote Session**

- **Nancy Skinner**, Commissioner, **California Energy Commission**
- **Chanel Parson**, Director - Clean Energy and Demand Response, **Southern California Edison**

### 9:30 - 10:30 am **Achieving the V2G Potential: Unifying Stakeholders**

10:30 - 11:00 am -- Networking Coffee Break

### 11:00 - 12:15 pm **BRIDG-ing the Gap to Scaled, Residential V2G**

- **Anna Bella Korbatov**, Vice President - Regulatory Affairs, **Fermata Energy**
- **Alex Pawlowski**, Regulatory Strategy Manager, **Kia North America**
- **Kurt Johnson**, Director, Climate Resiliency, **The Climate Center**
- **Robin Milshtein**, Senior Director – Business Development, **New Sun Road**

12:15 - 1:15 pm -- Lunch Break

1:15 - 2:15 pm -- Attendee Roundtable Brainstorming and Reporting Out

2:15 - 2:45 pm -- Networking Coffee Break

### 2:45 - 4:00 pm -- **Gauging and Engaging the Residential and Commercial Customer: Effective Strategies to Date, Lessons Learned and Directions Forward**

- **Zach Woogen**, Executive Director, **Vehicle-Grid Integration Council (VGIC)**
- *Additional panelists TBA*

4:00 - 4:15 pm -- Coffee Break

### 4:15 - 5:15 pm -- **Giving Data a Voice: Quantifying the Societal Benefits of Transportation Electrification, VGI and V2G**

- **John Holmes**, Sr. Principal Energy Advisor, **American Honda Motor Company**
- *Additional panelists TBA*

5:15 - 6:45 pm -- Networking Reception

# Wednesday, April 29, 2026

9:00 - 9:30 am -- **Opening Address**

9:30 - 10:30 am -- **Top Priorities for V2G Advancement in the U.S. -- Towards and Industry (Technology and Policy) Roadmap**

- **Brittany Blair**, Manager, Research & Energy Strategy, **Smart Electric Power Alliance (SEPA)**
- **Vincent Weyl**, Vehicle-Grid Integration Principal, **California Energy Commission**
- *Additional panelists TBA*

10:30 - 11:00 am -- Networking Coffee Break

11:00 - 12:15 pm **TRACK A Progress in Standardizing / Harmonizing V2G**

- **Peter Evans**, President and Founder, **New Power Technologies**
- **Erika Myers**, Executive Director, **CharIN North America**
- **Tim Zgonena**, Principal Engineer, Distributed Energy Resources and Equipment, **UL**
- **Roger Salas**, Principal Manager, Distribution System Analysis, **Southern California Edison**

11:00 - 12:15 pm **TRACK B Compensation Mechanisms for V2G**

- **Blake Heidenreich**, Strategic Advisor, Customer Solutions Program Design and Development, **Southern California Edison**
- *Additional panelists TBA*

12:15 - 1:15 pm -- Lunch Break

1:15- 2:30 pm **TRACK A Depot and Fleet Engineering: Designing Large-Scale V2G Sites**

- **Brad Beauchamp**, EV Product Segment Leader, **Blue Bird Corporation**
- **Van Wilkins**, Senior Vice President, Operations, **InCharge Energy**
- **George Liu**, Field Applications Engineering Manager, **Pacific Power Source**

1:15 - 2:30 pm **TRACK B Testing, Certification and Compliance for V2G Systems**

- **James Mater**, Director of Strategy, Smart Grid, **QualityLogic**
- *Additional panelists TBA*

2:30 - 3:00 pm -- Networking Coffee Break

3:00 - 4:15 pm **TRACK A Paths to Commercial V2G**

- **Leah Brams**, Marketing Development Manager, **Highland Electric Fleets**
- *Additional panelists TBA*

3:00 - 4:15 pm **TRACK B** Battery Engineering: Degradation, Cycling and Thermal Management in V2G Systems

- **Boryann Liaw, PhD**, Founder, **High Power Research Laboratory**
- Additional panelists TBA

4:15 - 4:30 pm -- Closing Comments

## Thursday, April 30, 2026

8:00 am - 12:30 pm

### Half-Day Workshop: Defining MVP (Minimum Viable Product) Use Cases for V2G and Implementing End-to-End Interoperability

- **James Mater**, Director of Strategy, Smart Grid, **QualityLogic**

12:30 - 1:30 pm -- Lunch

**"Great attendance and mix of attendees"**

- *Russel Vare, Auto OEM Partnerships, Kaluza*

**"Excellent, outstanding! Relevant, focused and high-value"**

- *Ted Witham, PE, Eaton Corporation*

**"Very informative. The ability to talk to experts in the field as well as meet potential partner was the most valuable aspect"**

- *Shannon Anderson, Senior Planner, EV Infrastructure and V2X Strategy, Nissan North America*

**"Very good. Got all the right people to attend, and plenty of time for networking."**

- *Robert Nolty, Vehicle-Grid Integration Specialist, California Energy Commission*

**"Very informational and a great Forum for connecting with others in the industry."**

- *William Jameson, Sr Consultant, EV Charging Strategy, Toyota Motor North America*

**"Always very relevant. I come to this conference to get to the true state of affairs on V2G / VGI. Thank you again!"**

- *Gregg Kresge, Sr Manager, Utility Engagement and Transportation Electrification, World Resources Institute*

**"Really technologically 'in the weeds' and very helpful. Huge positives: networking and brainstorming. This is my first V2G Forum and it's been a positive experience."**

- *Ruedi Hauser III, Program Manager for Clean Transportation Massachusetts Clean Energy Center*

## About the Organizer

[The Smart Grid Observer](#) is an online information portal and weekly e-newsletter serving the global smart energy industry. SGO hosts a number of conferences each year focused on issues of high relevance for the global clean energy industry.

The goal is to foster information exchange and high-quality, one-to-one networking among industry professionals. Topics include EV charging infrastructure, grid modernization, V2G, cybersecurity, microgrids, EV battery innovation and more.

For a list of upcoming and recent Forums, [click here](#)

## Event Venue

**Southern California Edison  
Energy Education Conference Center  
6090 N. Irwindale Ave., Irwindale, CA 91702**

> [View on Google Maps](#)

> [Nearby Hotels](#)

## Sponsorship Options

**Platinum - \$6,500**

- Recognition as official Reception, Lunch, or lanyard sponsor (via website and onsite signage)
- Tabletop exhibit space
- 4 complimentary passes
- Top-level logo visibility on event website and in all marketing communications
- Top-level logo recognition throughout the conference, during breaks and session introductions
- Virtual Exhibits display page / booth (available for full year after close of Summit)
- Opportunity to help guide overall program
- White paper or executive interview published on event website
- Attendee list
- Special introductions and one-to-one meetings facilitated by SGO
- Corporate description with link on Sponsors page
- Post-conference communication with attendees

---

- Recognition as official Coffee Break sponsor (via website and onsite signage) **Gold - \$4,500**

- Tabletop exhibit space
- 3 complimentary passes
- Attendee list
- Virtual Exhibits display page / booth (available for full year after close of Summit)
- Special introductions and one-to-one meetings, facilitated by SGO
- Logo visibility on event website and in all marketing communications
- Logo recognition throughout the conference, during breaks and session introductions
- Corporate description with link on "Sponsors" page
- Post-conference communication with attendees

---

- Tabletop exhibit space **Silver - \$3,500**

- 2 complimentary passes
- Attendee list
- Virtual Exhibits display page / booth (available for full year after close of Summit)
- Prominent logo visibility on event website and in all marketing communications
- Prominent logo recognition throughout the conference, during breaks and session introductions
- Corporate description with link on "Sponsors" page

---

- 1 complimentary pass **Bronze - \$2,500**

- Attendee list
- Virtual Exhibits display page / booth (available for full year after close of Summit)
- Prominent logo visibility on event website and in all marketing communications
- Prominent logo recognition throughout the conference, during breaks and session introductions
- Corporate description with link on "Sponsors" page

## Event Partners

Alliance for  
Transportation  
Electrification

Founded in late 2017, the [Alliance for Transportation Electrification](#) is a nonprofit trade association uniting a broad coalition of utilities, manufacturers, electric vehicle supply equipment vendors, engineering firms and others to promote electric vehicles in state-level policy across North America.

Visit [www.evtransportationalliance.org](http://www.evtransportationalliance.org)

[Vehicle Grid Integration Council \(VGIC\)](#) is a national 501(c)(6) membership-based advocacy group committed to advancing the role of electric vehicles and smart EV charging through policy development, education, outreach, and research.

Visit [www.vgicouncil.org](http://www.vgicouncil.org)

In collaboration with partners and communities, WRI's Electric School Bus Initiative aims to build unstoppable momentum toward an equitable transition of the entire U.S. school bus fleet to electric by 2030, bringing health, climate and economic benefits to children and families across the country and normalizing electric mobility for an entire generation. For more information on the Initiative, visit [www.wri.org/initiatives/electric-school-bus-initiative](http://www.wri.org/initiatives/electric-school-bus-initiative)

The [SunSpec Alliance](#) is a trade alliance of more than 170 solar and storage distributed energy industry participants, together pursuing information standards to enable "plug & play" system interoperability. SunSpec standards address operational aspects of solar PV power and energy storage plants on the smart grid -- including residential, commercial, and utility-scale systems. Visit [www.sunspec.org](http://www.sunspec.org)

The [American Center for Mobility](#) offers a one-of-a-kind global development center to transform the way industries advance safe, sustainable, and secure mobility technologies. Our vision is to enhance the quality of our lives through the enablement of future mobility solutions. ACM's approach is to achieve growth and prosperity for our ecosystem through partnerships. Visit [www.acmwillowrun.org](http://www.acmwillowrun.org)

For over 40 years, IREC has made clean energy possible for millions of Americans through cutting-edge solutions that advance renewable energy, electric grid modernization, and energy efficiency. Today, our work continues in response to the urgent need to transition to clean energy -- to mitigate climate change, improve the resiliency of our communities, and ensure all people benefit from a just transition to a clean energy future. Visit [www.irecusa.org](http://www.irecusa.org)

## Registration Fees

**Early Bird, Standard - Main Conference** \$895.00

Equipment and software providers, consultants, and services providers

Access to all sessions and lunches, networking coffee breaks, drink receptions and exhibits on April 28-29. Early bird rate available through Friday, March 27 -- \$1,095 afterwards.

**Early Bird, Standard - Main Conference plus Workshop** \$1,095.00

Equipment and software providers, consultants, and services providers

Access to all sessions and lunches, networking coffee breaks, drink receptions and exhibits on April 28-29, plus workshop on April 30. Early bird rate available through Friday, March 27 -- \$1,295 afterwards.

**Early Bird, Non-Profit** \$695.00

Utilities, academic, government and non-profit organizations

Access to all sessions and lunches, networking coffee breaks, drink receptions and exhibits on April 28-29. Early bird rate available through Friday, March 27 -- \$895 afterwards.

Note -- .edu, .org, .mil, or .gov email address required.

**Early Bird, Non-Profit plus Workshop** \$895.00

Utilities, academic, government and non-profit organizations

Access to all sessions and lunches, networking coffee breaks, drink receptions and exhibits on April 28-29, plus workshop on April 30. Early bird rate available through Friday, March 27 -- \$1,095 afterwards. Note -- .edu, .org, .mil, or .gov email address required.

**Early Bird, Workshop Only** \$395.00

Access to Workshop on April 30. Early bird rate available through Friday, March 27 -- \$495 afterwards.
