

# THE PAINLESS PEOPLE MANAGEMENT PROGRAMME.

Free-of-charge content plus two Lightbulb-supported options 96% of those surveyed said they would 'definitely use' the tools and techniques and 'would recommend' the training to other managers/leaders

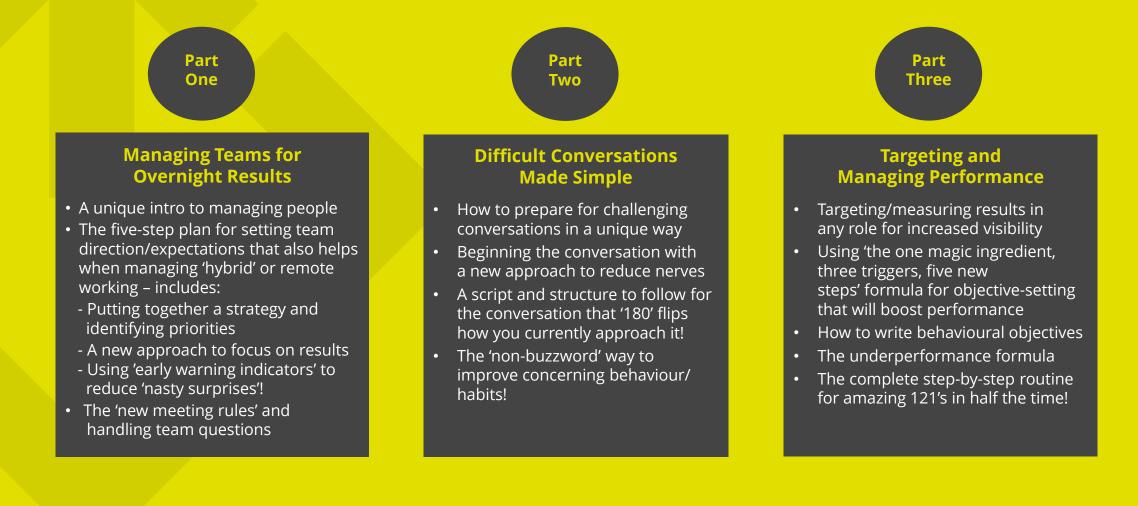

# **PRACTICAL & PUNCHY TRAINING**

## **Our Different Approach:**

- Because no-one ever said "I wish that training had lasted much longer, had loads more business models, buzzwords and clichés in it and had just used stuff I could have found online!"
- Our videos and masterclass workshops combine the style of a 'TED talk' with step-by-step techniques and tools and in short learning bursts
- When onsite with you: No role-plays or gimmicky ice-breakers. People generally hate them!
- We don't fill time with academic, unusable business models
- We give you practical stuff rather than generic pieces of 'advice' or cliché one-liners!
   telling you to 'empower' people isn't really that helpful!
- We don't use the bog-standard agendas you may find elsewhere! Our techniques are often not found in textbooks (where competitors often copy theirs from) and are focused on what actually works at work
- Inspiring content that won't distract you to your phone!
- We train what we know works and what we and others have successfully used
- All in plain-English: we work hard to minimise buzzwords and corporate-speak
