SAFE HOLIDAYS IN OUR YACHTS

We inform you that we have implemented the instructions and recommendations of the World Health Organization (WHO) and that we are following the protocols agreed with the ICTE (Institute for Spanish Tourism Quality) and the CDC.

But our goal is to do more, in addition to ensure strict compliance with these indications, we raised our standards in safety, quality, health and hygiene incorporating new standards and protocols. All this in order to maintain the excellence and service that characterizes us and that our Yachts are safe environments and our customers feel secure and protected.

Within these measures, we would like to highlight in particular the following:
Our crews have received training on the risks and preventive measures to be taken to limit the spread and contagion of covid-19.

We have reinforced the cleaning and disinfection work in each and every one of the spaces of the Yachts.

We will locate disinfectant gel dispensers, so that customers themselves can use them individually.

We have innovated our Yachts with the best technology, we have foreseen ozone disinfection equipment that allows to purify the environment and steam cleaning equipment for the deepening cleaning of the outdoor areas.

We also established a guide to good practices and mandatory requirements for our ground staff and suppliers and ensure that all products delivered on all our Yachts are disinfected in advance

VACACIONES SEGURAS EN NUESTROS YATES

Informamos que hemos implementado las instrucciones y recomendaciones de la Organización Mundial de la Salud (OMS) y que estamos siguiendo los protocolos acordados con el ICTE (Instituto para la Calidad Turística Española) y el CDC.

Pero nuestro objetivo es ir más allá y, además de velar por el estricto cumplimiento de estas indicaciones, hemos elevado nuestros estándares en materia de seguridad, calidad, salud Y higiene incorporando las nuevas normas y protocolos. Todo ello con el fin de mantener la excelencia y el servicio que nos caracteriza y que nuestros Yates sean entornos seguros y nuestros clientes se encuentren tranquilos y protegidos.

Dentro de estas medidas, queremos destacar especialmente las siguientes:
Nuestras tripulaciones y personal de tierra han recibido la formación relativa a los riesgos y medidas preventivas a adoptar para limitar la propagación y el contagio del covid-19.

Hemos reforzado las labores de limpieza y desinfección en todas las áreas de los Yates.
Ubicaremos dispensadores de gel desinfectante para que los propios clientes puedan utilizarlas de forma individual.

Hemos innovado nuestros Yates con la mejor tecnología, contamos con equipos de desinfección por ozono que permiten purificar el ambiente y equipos de limpieza a vapor para la limpieza profundizada de las áreas exteriores.

Asimismo, hemos establecido una guía de buenas prácticas y requisitos obligatorios para nuestro personal de tierra y proveedores y aseguraremos que todos los productos que se entregan en todos nuestros Yates sean desinfectados con antelación.

An aerial photograph of a tropical beach. The water is a vibrant turquoise color, transitioning to a deeper blue further out. Several sailboats are anchored in the water. The beach is a wide expanse of white sand, with many people and colorful umbrellas scattered along the shoreline. In the background, there are low mountains and a small island with a building on it. The entire scene is framed by a thick teal border.

A woman with long, dark, wavy hair is shown in silhouette, looking out over a harbor at sunset. The sun is a large, bright, glowing orb in the upper center of the frame, casting a warm, golden light across the sky and reflecting on the water. Several sailboats are visible in the harbor, their masts and sails silhouetted against the bright sky. The water is dark with shimmering reflections of the sun. The entire scene is framed by a thin, bright cyan border.
