		Name of the District	NTR District	
		Name of the Area / Taluka	Vijayawada	
5	Total project cost	Total Project cost: 200,000		Total OPEX: 200,000 Total CAPEX: 0
6	project duration	5 Days		

Activities initiated under flood relief programme.	<p>1. Engagement with Local Authorities: We have actively engaged with various local governmental organizations, including the District Collectorate, as well as non-governmental organizations (NGOs) and influential community leaders. This collaborative effort has allowed us to accurately identify the areas that have been most severely impacted by the ongoing crisis. By leveraging the local knowledge and resources of these entities, we can ensure that our food assistance initiatives are effectively targeted, reaching those individuals and families who are in the most urgent need of support.</p> <p>2. Food Packet Assembly:: In response to the crisis, we have mobilized local kitchens and dedicated AKMES volunteers to prepare nutritious lemon rice packets. These preparations are conducted in accordance with stringent safety and hygiene protocols to guarantee the health and well-being of all recipients. Each food packet is meticulously sealed to maintain its freshness and quality,</p>
--	--

	<p>3. Distribution Strategy: To facilitate the efficient distribution of our food assistance, a committed team of AKMES volunteers has been organized to oversee the delivery of 5,000 ensuring that the recipients receive meals that are not only safe to consume but also enjoyable.</p> <p>4. Food packets and water bottles: Utilizing mobile vehicles, we have established strategically located distribution points throughout the affected neighborhoods. This approach not only enhances our operational efficiency but also maximizes our outreach, allowing us to serve a larger number of individuals and families in need.</p> <p>5. Evaluation and Feedback: To ensure the effectiveness of our food assistance program, we have implemented a comprehensive monitoring system. This framework is designed to evaluate the impact of our initiatives and to gather valuable feedback from the beneficiaries. By actively seeking insights from those we serve, we can continuously improve our efforts, adapt our strategies as necessary, and ensure that we are meeting the needs of the community in the most effective manner possible.</p>

Project Summary

Food Assistance for Flood-Impacted Communities in Vijayawada, NTR District, AP**

The recent heavy rainfall and flooding have devastated numerous colonies and slums, including Sing Nagar, Krishna Lank, Ramakrishna Puram, and Raja Rajeswari Peta, as well as YSR colony (Milk Factory Centre), affecting around 350,000 individuals. Recognizing the unfortunate plight of the flood-affected population, AKMES has undertaken the task of distributing cooked food packets of lemon rice, together with water bottles.

****Overview:****

In response to the devastating floods that have recently affected Vijayawada and surrounding areas in the NTR District of Andhra Pradesh, a comprehensive food assistance initiative was launched as part of the flood relief efforts supported by the Corporate Social Responsibility (CSR) program of ONGC, Rajahmundry, East Godavari District, AP. This initiative aims to provide immediate relief to the communities that have been severely impacted by the unprecedented rainfall and flooding.

****Impact of the Flooding:****

The torrential rains have led to significant flooding in various neighborhoods and slums, including Sing Nagar, Krishna Lank, Ramakrishna Puram, Raja Rajeswari Peta, and YSR Colony (Milk Factory Centre). Approximately 350,000 individuals have been affected, facing challenges such as loss of shelter, disruption of daily life, and limited access to essential resources. The situation has created an urgent need for food and clean drinking water to support the affected populations during this critical time.

****Immediate Needs:****

To address the immediate needs of the flood-impacted communities, we have focussed on the distribution of prepared food packets. Each food packet contains lemon rice, a nutritious and easily consumable meal option that is well-suited for the current circumstances. Additionally, we provided water bottles to ensure that individuals and families have access to clean drinking water, which is vital for their health and well-being.

Declaration:

I hereby declare that whatever has been stated above is true to the best of my knowledge, correct and nothing has been concealed there from.

Signatory with Common Seal
