# ABOUT OUR COMPANY

A Short Story About The Trading Company

TRADE MASTER TOKEN is a leading cryptocurrency trading company utility token specializing in the efficient and sustainable trading & arbitraging of digital assets from blockchain networks. Founded in 2017, our company has quickly grown to become a recognized name in the crypto trading industry, known for our commitment to innovation, various trading possibilities and operational excellence. With the development of AI Technology, we implemented this onto our trading business called Proof of Trading.

## Passive Income Model

TMT token holders receive a share of the platform's arbitrage profits on a regular basis. You can enjoy rewards while you are working on a daily basis on Solana.

If you don't find a way  
to make money  
while you sleep,  
you will work until  
you die.
