## M D Message

**- Mr. Kalam Khan**  
(Member of ISHRAE)

Clients are an important asset of the organization and I personally believe they are a core part of our business around whom we have evolved and attained exponential growth and success. Having said that, I take this opportunity to thank our valued customers, whose continued patronage and trust in our services has kept us motivated and inspired to extending exceptional services and providing value for money solutions to them. Today, with a client centric approach we focus on addressing the needs of our customers through efficient and reliable HVAC & R solutions that are of global standards. As a people driven organization, we channelize our resources to providing total customer satisfaction by identifying client Specific Needs and translating them into quality solutions. Implementing our engineering excellence through a wide range of services, we design solutions for a variety of commercial, industrial and residential HVAC & R application. Over the years, we have managed to set up a strong team of professionals, to offer complete HVAC & R solution. With this, the company too has shown consistent growth and has garnered great reputation for executing challenging projects in Pune. To this, we further plan to achieve our goals by seeking constant involvement of our employees in achieving our company's vision.

## Vision

We hold a relentless vision of being a formidable leader in the industry by offering sustainable HVAC & R solutions for our client's. It is our endeavour to achieve excellence and be a renowned company, highly acclaimed for its dependable and reliable services.

## Mision

Driven by our commitment and exceptional ability to offer remarkable services, we aim to be the most preferred partner in the industry. By offering complete HVAC & R solutions under one roof, with unparalleled accountability that facilitates HVAC & R solutions and highest level of customer satisfaction, we wish to achieve sustainable growth and reach to new horizons in the HVAC & R Industry. We therefore seek continued support of our valued customers and corporation of our employees and thank all our well-wishers who have contributed to the growth of our organization. A renowned company, highly acclaimed for its dependable and reliable services.

## About Star Air Conditioning

Established in the year 2008 with an office based in Pune. Star Airconditioning began its modest journey of business into Room AC's for clients across the city. Over the year's through organic growth, the company expanded its business to light commercial AC's and further branched out its business operations in Pune. With a vision to make its mark in the industry, the company gradually Expanded its platform with integrated services and new core capabilities in designing, maintaining and growing its business, the company forayed into other diverse range of product lines like VRF, Ventilation and chilled water work, Fire Fighting & Electrical . Not just that, the company over the years spread its operational foot prints across Pune & Nagpur and catering throughout the nation. Today, Star Air Conditioning is all about building value for its client's through its exceptional services and creating satisfying customer experience. Combining our strong values with dedication to providing honest and reliable services, we have managed to cement our client's trust in us. Having experienced our quality of services, our customers have come to rely on us for HVAC & R solutions. We can today proudly claim to be our clients preferred choice in providing comfort and hassle-free HVAC & R solutions.
