**Subject:** Noise complaints - Nov. 8 to Nov. 16 - Aircraft not following noise abatement path for O.B. Airport over Tomoka Estates  
**Attachments:** Log\_Nov\_8\_to\_Nov\_16\_2025\_Noise Abatement complaints.pdf  
**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

This week wasn't quite as bad for aircraft incursions not following the voluntary noise abatement path while using the Ormond Beach airport over Tomoka Estates. A few days the airport was using the north/sound patterns partially over I-95. It gave us some quiet time.

Worst days were Thursday Nov. 13 in the afternoon from about 1:15 pm to 3:00 pm Not really new,, most of the noise was from Phoenix East Aviation and Embry Riddle University aircraft. Saturday, Nov. 15 was also noisy from about 9:00 am to 3:00 pm.  
See the attached log. There were a few that flew over our neighborhood 5 times.

One new aircraft I haven't seen in the past was N3527H (Nov. 13 1:14 pm, 4 passes over Tomoka Estates) that shows registered to Flight Meo LLC at 230 Sands Parc Blvd. #308 in Daytona Beach.(maybe one of those new apartments near Williamson and LPGA). Probably a new flight school starting up and should be checked to see if it has a business license in Florida and Volusia County. Probably doesn't know about the noise abatement path yet.
