Landing Fees Topic for Ormond Beach Airport

Airplanes/Airpc

n.echelberry@ormondbeach.in

to Steven, J, Jarleene, Joyce, Lori, Susan, Travis.Sargent, Bill.Partington

I was unaware that the issue of landing fees for the Ormond Beach Airport was going

When I saw the article in the Ormond Beach Observer the first thing that caught my a
general resident population of O.B was aware first, that the airport is in debt to the ar

There was not much media information before the meeting. I agree that it should be
committee. But, when opening the Aviation Board web page it does not have names
their occupation or why they were selected needs to be posted somewhere. Of the fi
would not be available until approved at the next Aviation Board meeting, whenever t
could not attend and that includes commissioners.

If any recommendations need to be made by this committee it is more than obvious t

As seen on the O.B. web page re: Airport, the airport is NOT an air carrier airport, wh
and is fenced in for security, there is no actual guard or law enforcement at the gate,
intercom.

I have googled and searched the City's website looking for information on: 1. Does all
this later related to someone's comment at the commission meeting. 2. Is there any c
their airplane down and need to go to it after hours are they given the code to enter t

Times have changed. Look at Volusia County beaches. In order to allow residents of
for people outside of Volusia. That helps support the beach costs.

Where else have times changed, we just returned from a trip to the Charleston area.
each individual parking space with QR codes where you have to use it to pay for the p
the government agency with costs to maintain the park.
