Noise Abatement complaints attached starting May 27, 2025 to June 13, 2025 attached. I did something new this log and color coded Phoenix East Aviation (BPX) and Embry Riddle Univ. (ERU) so it's easy to see who makes the most noise. Not many other aircraft come close to those two.

Some days in between there was no complaints and aircraft were either using the north/south runway pattern or the west to east for returning to the airport from the north side of the airport.

For my neighbors that I have bc – I am now sending a copy also to Embry Riddle Univ. Flight Operations Ivan Grau, gauviva@gmail.com – 386-226-6993

Notables and images attached at end of log :
