VISUAL DEVELOPMENT ARTIST

I'm Sachin, born and raised in Dehradun, Uttarakhand. Ever since childhood I had an everlasting love for the craft of Animation and Visual Storytelling. Got my Pearson's Diploma in film and animation in 2015. Landed my first job three years later as a 3D/2D Character Artist. Since then I have worn many hats: as a 3D artist, Character designer, Concept artist, Story artist, Background artist and so on. Basically covering all phases of production from pre to post
