Onderwerp: Completion Letter of Brownwater and Brownfields

Bijlagen: Project overview of deliverables

Cc.:

Dear Mr. de Cuba,

With pleasure I am writing this letter. You have successfully completed the project "The preparation of a Request For Quotation for Brown Water and Brown fields Baseline study in Aruba". I would like to congratulate all the team members of your organization as well as the team members of TAUW for their assistance in succesful completing the project and the requested outputs (attached).

It was an informative experience for our team members to work with your team and TAUW. The level of professionalism and dedication exhibited while working on the project has helped us gain knowledge on the sustainable management and remediation of Brownwater and Brownfields.

I again thank and appreciate your team members for their support and service in completing this project. And we are hopeful that we will continue in the near future.

Yours sincerely,

ir. G.R. Boekhoudt
Directeur Directie Natuur en Milieu
