CHEESE CARTOON CHARACTERS

under Alan's supervision, and through the leveraging of his extensive industrywide contacts, has made numerous agreements with small family farms to

allow us to bring you the freshest, healthiest, most nutritious meats and poultry for both your holiday, and year-round, enjoyment. Alan has focused on farms which offer the highest quality products, while maintaining commitments to environmental sustainability and the humane treatment of ALL animals. Please note that ALL the chicken, turkey, beef, veal & duck we carry are specialty products with numerous unique attributes

KMP FREE-ROAMING, ANTIBIOTIC-FREE CHICKENS & TURKEYS This

is our regular category of chickens and turkeys but, as you will soon see, there is nothing regular about it. All chickens and turkeys are raised on small family farms locally. All farms are independently monitored for animal welfare and environmental consciousness. Any farm that does not maintain an exemplary rating is dropped from our program. These chickens and turkeys are never, ever caged — but rather roam about freely within large houses. They are only fed a 100% vegetarian diet and are never, ever treated with antibiotics, growth hormones or steroids.

KMP USDA CERTIFIED ORGANIC, FREE-RANGE & ANTIBIOTIC-FREE CHICKENS & TURKEYS Our premium line of chickens and turkeys

are locally raised on small family farms and never, ever caged. These farms are subject to consistent, rigorous USDA inspections. These birds are free-ranging and have unfettered access to outside pastures. They are only fed a 100% organic vegetarian diet and are never, ever treated with antibiotics, growth hormones or steroids.

KMP ANTIBIOTIC-FREE PREMIUM BEEF All our premium beef comes from black angus cattle born and raised on small family farms in the USA. All cuts are hand-selected for superior marblina, tenderness & uniformity. These cattle are never, ever given any antibiotics, growth hormones or steroids. They are exclusively fed a 100% vegetarian diet.

KMP ANTIBIOTIC-FREE PRIME BEEF This prime beef comes from black angus cattle born and raised on small family farms in the USA. Our prime cuts cuts are qualitatively within the top 2% of all domestic beef. All prime beef is guaranteed to be delightfully tender and juicy with exceptionally rich flavor. These cattle are never, ever given any antibiotics, growth hormones or steroids. They are exclusively fed a 100% vegetarian diet.

KMP USDA CERTIFIED ORGANIC, 100% GRASS-FED & ANTIBIOTIC-FREE BEEF This

is our organic category of beef which is pasture-raised on small family farms in Uruguay and 100% grass-fed. All cattle are traceable to their individual farms and never, ever given any antibiotics, growth hormones or steroids. This beef is extremely low in calories, fat & cholesterol, as well as rich in beneficial omega-3 fatty

We Welcome YOU to The Kosher Marketplace to serve you for Thanksgiving!

y main concern is that our wonderful with every facet of our store. Spectaclar customer service, selection, quality and value should be abundantly presen very visit. I love learning what we are ng right, what we can improve upon and sing various ways of getting there.

ALAN - Proprietor (aka "The Dad" As the founder & operational head of the store, I strive to truly ensure that our "Food is So Good Even Grandma Would Approve." I tend to be in the store around 6am daily and my first spoon goes in the soup (so to speak) shortly thereafter. Direct interaction with our special customers is the greatest

Kitchen Over the years, assistants have invariably "easy" and another "hard." couldn't disagree more and I'v told them so. Whether a dish of 3 common ingredients, or 12 nuanced ones, the preparation & diligence required in creating a spectacular product worthy of ou customers are very much the same

HERMAN - Macter Butche

I have extensive knowledge and experie in the cutting of all types of beef, lamb,

yeal & poultry. I work closely with Alan o identify small family farms which mee

our exacting standards. This means all

animals must be treated humanely, the

environment respected & the final produc must be of extremely high quality and

free of fillers and unnecessary antibiotic

FRAN -Treasure Hunter Specialty food truly does "specialty" part. I love finding new and unique nenducts which are from smaller suppliers & are superio in one or more identifie raw, vegan, local or the like.

SAMPLES: CUSTOM SIGNAGE & BANNERS

As graphic designers with many years of seasoning... doing designs for signs is fun and easy for us. It often falls in the category of collateral design work.

We originally designed a 4 x 9 inch rack card for each of these specialized food areas for this market. As it was a relatively lower budget project, we kept costs down by carefully selecting stock illustrations, adjusting and customizing as needed.

These 15 sign designs were used in a market that specialized in wide assortment of gournet foods. They were printed at 12 x 24 inches, and hung using grommets in the corresponding parts of the store.

Feel free to ask us for a custom estimate for any signage or banners of any size.
