Modern Sales People Need To Jump Plenty Of Hurdles, Just To Sell.

MARKETERS think sales people need all of the beautiful decks, videos and brochures they produce. ACCOUNTANTS think they need to hurry up and hit their targets and stop spending so much money. HR think they need ongoing training, some dedicated e-learning time and an offsite for motivation. IT think they require a highly detailed CRM system so they can report on every moment in their day. SALES MANAGERS think they need regular phone calls, emails and face time to talk about numbers. ACCOUNT MANAGERS want Sales people to make everything simple so their job is nice and easy. AND THE CUSTOMER just wants to know how the product or service will help solve their problem.

We can't hire an IN-HOUSE GRAPHIC DESIGNER. That's ridiculous!

I'd like some CHARTS and GRAPHS and other WEB CONTENT that doesn't put people to sleep.*

Our CATALOG and YEARBOOK can sure use some creativity.*

It would be nice to get some very custom cartoons to our PROMO AND BRANDING MATERIALS.*

How about our own custom HAPPY BIRTHDAY CARD, with us drawn as a rodeo, basketball or football team?*

Yeah. CARICATURES of all of us for our website.*

We could even explain and clearly show OUR SERVICES in a COMIC STRIP.*

We don't only work with large companies with boardrooms. We also work energetically with smaller and even startup companies.
