## Agriculture with Nature at Heart

### ABOUT US

**Company Name:** Fumo Agri Pty Ltd

**Founded:** 2020

**Location:** Plot 101 Third Street, Northdene Agricultural Holdings, Vanderbijlpark

**Business Type:** Black-owned SME Vegetable Production company

### MISSION

To provide fresh, sustainably grown vegetables to our community in a way that ensures quality, health, and environmental responsibility.

### VISION

Fumo-Agri envisions a future where local, sustainable agriculture is the norm, not the exception. The company aims to expand its operations while maintaining its commitment to quality, sustainability, and community involvement.

# OUR ORGANIC PRODUCTION JOURNEY

Fumo Agri has installed a Large scale commercial worm farm operations to commence its journey to grow organically. This unit comes with a 1,000 liter pond located below the unit for liquid fertilizer (earthworm tea) capture d. This unit can produce up to 10 tons of organic fertilizer (vermicompost) per year and can recycle up to 6 –8 tons of organic waste per

## EARTHWORM PLANT

# OVERVIEW

Fumo Agri is a black-owned and operated vegetable production company dedicated to offering fresh, locally grown vegetables to consumers in Gauteng and the surrounding areas. The company is establishing itself as a trusted source of high-quality produce, known for its commitment to sustainable farming practices and community engagement.

## Products:

Fumo Agri focuses on producing the following salad vegetables in a protected environment in 6 tunnels:

- Tinker cocktail tomatoes;
- Tomatoes
- Lettuce
- Bell Peppers
- Cucumbers

The company also produces the following vegetables outside tunnels:

- Garlic
- Cabbage
- Onion

All vegetables are grown without the use of synthetic pesticides, ensuring that customers receive produce that is both nutritious and environmentally friendly

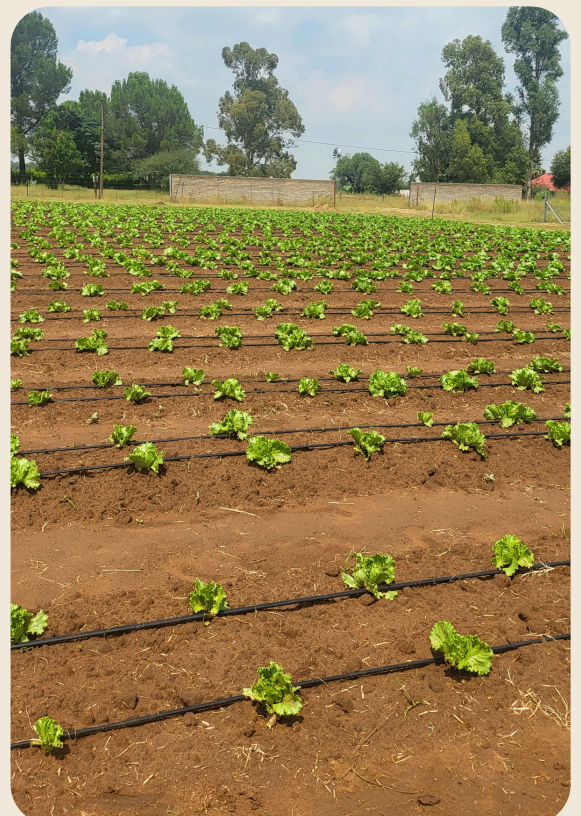

## Our Farming Practices

Fumo Agri is committed to sustainable farming practices. The company uses crop rotation, composting, and natural pest control methods to maintain soil health and minimize environmental impact. This approach not only preserves the quality of the produce but also supports the local ecosystem.

## Community Engagement

The company actively participates in local farmers' markets, providing the community with easy access to fresh produce. Fumo Agri also intends to offer farm tours and educational workshops on sustainable farming, aiming to raise awareness about the importance of local agriculture.

# DISTRIBUTION

Fumo Agri distributes its vegetables through multiple channels, including:

- The national green salads producer based in Meyerton
- Local farmers' markets ( Joburg Fresh Produce Market
- Vanderbijlpark Fresh Produce Market
- Vereeniging Fresh Produce Market;
- Direct to school feeding schemes on Free State (Heilbron and Sasolburg)
- Partnerships with local grocery stores and restaurants

## OUR CORE VALUES

- **Sustainability:** Upholding eco-friendly farming practices that protect the environment.
- **Quality:** Providing the freshest and healthiest vegetables possible.
- **Community:** Building strong relationships with customers, partners, and the local community.
- **Integrity:** Operating with transparency and honesty in all business dealings.
