SAUDIA ARABIA**

Dear Sir:

Thank you for your interest in performing work under contract to Saudi Aramco. Your file now contains the required registration information.

It is important to note that this registration merely provides Saudi Aramco with current contact and other basic information about your company. This registration is different from contractor prequalification which is performed separately in connection with a specific contract or group of similar contracts.

The method Saudi Aramco uses to prequalify and select bidders for each contract depends on the contract's complexity and urgency in addition to the number of potentially qualified contractors for the required work. A brief explanation of Saudi Aramco's Bid Slate Development methods is available in the Contracting Policies and Procedures section of Contracting's Internet Website. Our Web Site address is as follows:

We would like to take this opportunity to remind you to regularly update your registration information with Saudi Aramco, at least once a year. Should you require information concerning your file with Saudi Aramco, please contact our Contractor Relations Group, R-A162, North Park #2, Bldg. #3301, Wing "A", Dhahran, Telephone Nos. 874-2328 or 874-2295; Fax no. 874-2310.

We appreciate your interest in doing business with Saudi Aramco and wish you the best of success.
