

A close-up, low-angle shot of a dark blue wooden door. The door features a large, ornate brass knocker with a decorative, lattice-like pattern above the handle. Below the knocker is a brass keyhole with a decorative surround. The door is slightly ajar, revealing a blurred background of a stone building with a gabled roof and a small dormer window. The sky is visible above the building, with soft, wispy clouds.

Testimonials

LUXURY HOME
SERVICES

Naples

“Attention to detail and customer service offered by LHS Estate Management is second to none. LHS has been managing my properties for three years and I am always comforted in knowing my homes are properly managed.”

“Purchasing our home in Naples was a considerable investment so we wanted to ensure it was properly taken care. Taking into consideration the value of the home along with the services provided to not only protect our investment but also ensure the home is in amazing condition when we arrive, has been well worth the investment with LHS, let alone the peace of mind we have.”

“It has always been a hassle working with multiple service providers especially when out of town for several months.

Having LHS assist with not only overseeing the service providers, but also assisting with invoice management has made it so much easier to enjoy our Naples home as LHS manages it for us.”

I was relieved to have hired LHS his past year. Of course, with a new home, we did not anticipate any issues however we had left a door open and if it was not for LHS who noticed this, it would have been a possible disaster either from theft, water damage or humidity.
