ENTREP FASHION

ENTREPRENEURSHIP EDUCATION FOR MIGRANT
WOMEN IN FASHION

ENTREP FASHION project focuses on empowering migrant women who face particular challenges in accessing entrepreneurial opportunities in the fashion industry.

We develop tailored curricula for both migrant women and vocational trainers, focusing on key skills for modern education, career growth, and sustainability. This ensures that essential concepts are integrated in future-oriented vocational education and career planning.

Our projects main goal is

Supporting vocational trainers and helping migrant women gain entrepreneurial skills so they can succeed in the sustainable fashion industry.

Main Target Group

- **Young migrant women** aged 18-40 facing social & economic challenges, eager to start fashion businesses in AT, GRC, BGR
- **VET educators** wanting to improve their skills in understanding cultural diversity, managing diverse classrooms, and adopting eco-friendly, socially responsible, and sustainable practices.
