EXPERIENCE

Research Assistant at the Deputy Director Division and the Planning and Economics Division
Israel Tax Authority

2022 - Present   *Jerusalem*

Achievements/Tasks

- I conducted in-depth research and data analysis, uncovering insights that informed decision-making and shaped policy recommendations. By independently managing a complex schedule of overlapping priorities, I ensured timely delivery of high-quality outputs, which contributed to streamlined departmental workflows.

Operations and Back-Office Department
ANALYST I.M.S.

2021 - 2022   *Tel Aviv*

Achievements/Tasks

- I mastered intricate work processes to navigate unfamiliar situations and provide innovative solutions that improved operational efficiency. Through constant collaboration with partners and colleagues both within and outside the firm, I built strong professional relationships that enhanced team productivity.

Intelligence Analyst
Unit 8200, IDF

2017 - 2020

Achievements/Tasks

- I rapidly acquired proficiency in a new language during an intensive pre-military course, enabling me to analyze and translate complex information effectively. My role involved deploying advanced technological systems, delivering professional lectures to train peers, and fostering collaboration in high-pressure, team-oriented environments.

EDUCATION

M.Sc - Information Systems with Data Science Specialization
The Academic College of Tel Aviv-Yaffo

2025 - Present

B.Sc - Economics, Statistics and Data Science
The Hebrew University of Jerusalem

2022 - 2025   *GPA - 85*

Psychometric test scores (PET)
Final Score: 718 (Quantitative: 728, Verbal: 710)

international equivalent

- Top 4% (approx.), similar to SAT/GRE
