Engine cooling system | 
Consumables and housings | 
Multimedia system | 
Rental car cost compensation |

If the insured vehicle becomes inoperable due to a failure of components covered by insurance, transportation costs are compensated up to €200 per incident.

CHOOSE THE CAR YOU LIKE AND LEAVE THE WORRIES TO US.

Less worries...

The purpose of this document is to provide basic information about the warranty plan Mango Insurance Car Warranty DELUXE. This is not a complete extract of all insurance terms related to the insurance agreement. Detailed terms of insurance of the warranty plan DELUXE are enclosed to the insurance agreement.

DELUXE warranty plan covers all mechanical and electronic vehicle parts not listed as exclusions.

Covered components

Engine

- Crankshaft
- Timing chain / belt
- Turbine / compressor
- Crankshaft pulley
- Camshaft
- Water pump
- Vacuum pump
- Air conditioning compressor
- Condenser
- A/C evaporator
- Intake manifold
- Oil temperature sensor
- Other components not listed as exclusions

Clutch

- Master and slave clutch cylinders
- Clutch release bearing
- Other components not listed as exclusions

Brakes

- Master brake cylinder
- Brake booster
- ABS control unit
- Brake force regulator
- Other components not listed as exclusions

Fuel system

- Fuel pump
- Throttle
- Injectors
- Control valves and sensors / lambda sensor
- Mass air flow sensor
- EGR valve
- Exhaust gas sensors and regulators
- AdBlue control system
- NOx sensor
- Other components not listed as exclusions

Electrical components

- Engine control unit
- Transmission and 4x4 drive control unit
- A/C control unit
- Comfort functions control unit
- Starter
- Alternator
- Sensors
- Wiper motors
- Electric windows and sunroof motors
- Central locking
- Steering wheel heating
- Seat heating
- Parking cameras
- Parking system sensors
- Lane-keeping system
- Automatic mirrors
- Traction control system
- Electric seat motors
- Airbag system, excluding airbags themselves
- Keyless start system
- Other components not listed as exclusions

Suspension

- Pneumatic suspension components, compressor, air springs, pressure sensors
- Active dampers
- Springs
- Front and rear axles
- Wheel bearings, excluding corrosion

Steering

- Steering column
- Steering mechanism with gear
- Power steering rack and pump
- Electric power steering motor
- Idle control valve
- Power steering reservoir
- Steering angle sensor
- Other components not listed as exclusions

Transmission

- Bearings
- Shafts
- Dual mass flywheel
- Torque converter
- Mechatronics
- Differential, including intermediate
- 4x4 drive
- Drive shafts and joints
- Other components not listed as exclusions

Consumables and housings

Operating fluids and filters are insured only if replacement is required due to failure of components under coverage.

Housings are also insured if they fail due to failure of the components under coverage.

Exclusions

- Gradual loss of properties, e.g., tension, compression, etc.
- Gradually increasing oil consumption, hardening of piston rings
- External influence: moisture ingress, mechanical damage, traffic accident, etc.
- Clutch discs, pressure plates, brake discs, drums and pads
- Springs, excluding suspension
- Valve cover, as well as all gaskets, bushings, mounts
- Wires, cables, connectors, pipes, hoses, protective rubbers and covers
- Corrosion and oxidation
- Joints, hinges, springs, cables
- Other non-covered components are specified in the insurance rules and warranty plan terms

Additional options

Hybrid drivetrain components

- Traction battery or its separate parts or capacitors
- Integrated battery charger (inverter)
- Converter (voltage converter for step-up or step-down)
- Electric drive unit (EDU)
- Charging port lock
- All wiring harnesses

Multimedia system

- Displays, including touchscreens
- Radio, DVD, CD players and changers
- Microphones
- Speakers
- Amplifiers
- Navigation system
