Cleaning & Hospitality

A premier provider of top-tier cleaning and hospitality services dedicated to creating immaculate environments and unforgettable guest experiences. At Grid Core we believe that cleanliness is the cornerstone of hospitality, and our commitment to excellence shines through in every service we offer. From meticulous commercial and residential cleaning to specialized hospitality solutions, we take pride in transforming spaces into pristine havens. Our professional and highly-trained team is equipped with the latest techniques and eco-friendly practices, ensuring not only cleanliness but also sustainability. With a focus on exceeding expectations, Smart Vision strives to be your trusted partner, delivering personalized service and attention to detail.

General Contracting

General Contracting at Grid Core is part of our commitment to provide comprehensive project solutions. We manage and execute commercial, industrial, and residential developments, ensuring every detail from project planning to completion is handled with professionalism and expertise. Our approach emphasizes safety, quality, and efficiency, supported by a qualified team adept in coordinating and supervising site activities. From landscaping work to specialized contracting services, we deliver tailored results to meet each client's specific requirements, contributing lasting value and operational excellence.

Landscaping Work

Grid Core offers expert landscaping services as part of our general contracting solutions. We design, create, and maintain green spaces for commercial, residential, and industrial clients, ensuring every project is delivered with excellence, creativity, and lasting value. Our experienced team transforms outdoor areas with attention to detail, combining modern techniques and sustainable practices to enhance natural beauty and functionality. Whether for gardens, public spaces, or large developments, we prioritize customer satisfaction, timely completion, and cost-effective solutions to create landscaping that stands out.

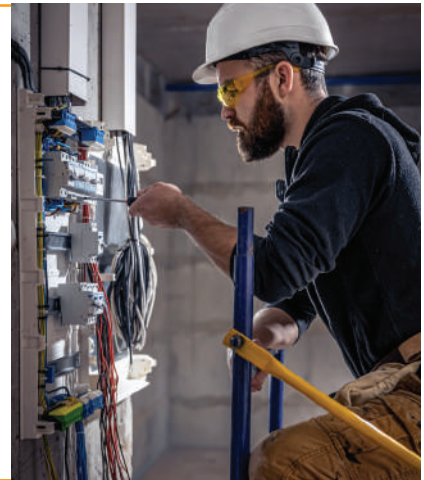

Painting Work

Grid Core Company Painting Works specializes in delivering high-quality painting services for residential, commercial, and industrial properties. Our skilled painters provide interior and exterior painting, color consultation, surface preparation, & specialty finishes. We ensure professionalism, attention to detail, and customer satisfaction on every project. Competitive pricing and reliability set us apart in transforming spaces beautifully.

Electrical Work

Grid Core excels at understanding each client's needs to deliver dependable electrical solutions that perform and protect. Our uncompromising approach ensures every finished project meets the highest standards, whether for commercial fit-outs, retail spaces, or residential buildings. Experienced project managers, certified electricians, and office staff work together to ensure successful contract completion every time.

Plumbing Work

Grid Core is a trusted service and consulting company specializing in plumbing installations. As licensed and registered plumbers, we sell, install, service, maintain, and advise on optimal solutions for any plumbing requirement. Serving households, businesses, and institutions, we deliver reliable solutions and expert maintenance for a wide variety of Clients across different industries.

Gypsum Board Work

Grid Core LLC provides reliable, high-quality gypsum board installations. Our skilled team ensures accuracy and attention to detail, creating functional and visually appealing spaces in residential, commercial, or industrial settings. We deliver exceptional craftsmanship, prioritize satisfaction, complete projects on time, and offer cost-effective solutions customized to your specific requirements.

Cleaning & Hospitality Work

Grid Core delivers exceptional cleaning and hospitality services, ensuring every environment is immaculate, hygienic, and welcoming. Our skilled team uses advanced techniques and eco-friendly products for effective, sustainable results. By focusing on meticulous attention to detail and personalized service, we exceed client expectations and create outstanding spaces for offices, residences, hotels, and commercial venues.

Welding Work

Leading provider of welding services for commercial, industrial, and residential clients. With years of experience and a team of highly skilled professionals, we are committed to delivering exceptional welding solutions that meet the highest quality standards.

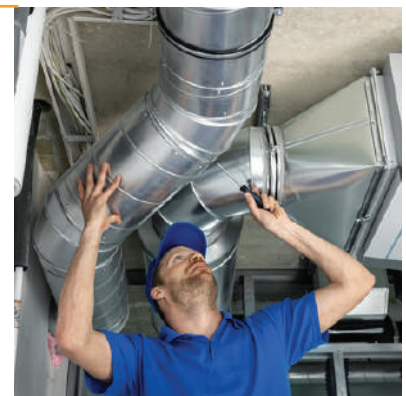

Steel Fabrication Work

Grid Core offers top-tier steel fabrication services to meet various construction and manufacturing needs. Our experienced professionals deliver durable, reliable steelwork tailored for commercial, industrial, and residential projects. Quality workmanship and adherence to the highest standards ensure every steel structure is strong, safe, and built to last.

Ducting Work

Grid Core delivers professional ducting work services for commercial, industrial, and residential environments. Our expert team handles installation, maintenance, and repair of air distribution systems, ensuring efficient airflow and indoor air quality. Using quality materials and advanced techniques, we provide precise, timely, and cost-effective ducting solutions tailored to each client's needs.

Scaffolders Work

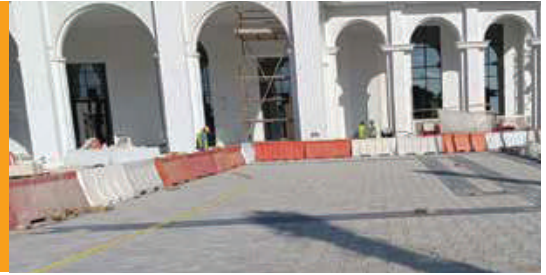

We provide safe and reliable scaffolding solutions for construction, maintenance, and renovation projects. Our skilled scaffolders design, erect, and dismantle scaffolds with precision, ensuring secure access for workers and materials. We follow strict safety standards to support efficient project delivery.
