# FEATURE

## ■ New design

It is equipped with lithium batteries, which is convenient to charge and easy to replace. It uses high torque electromagnetic brake, which is safe and effective.

## ■ More convenient

It is lighter, narrower and smaller, which makes it suitable for different working conditions. It can meet the needs of users with its small and exquisite appearance and high cost-effectiveness. It is flexible and convenient to operate and its battery life is longer.

## ■ Convenient and comfortable operation

Four-way control of the operation handle makes operation more comfortable. The backrest can be adjusted up and down, which is suitable for drivers of different shapes. It is easy to get on and off, load and unload materials when standing. It is convenient to use with the handle of a pallet truck that has infinitely variable speed.
