# About Us

We are a passionate group of divers and kite surfers determined to redefine how both diving and kite surfing are experienced in Egypt and the Red Sea. Having worked with multiple liveboard and diving operations in the past, we bring years of hands-on experience and deep knowledge of the region's waters. Now, it's time to elevate the standard of liveboard adventures with our own expertise, dedication, and vision. Our mission is to create safaris that blend professionalism, safety, and adventure — offering partners and their clients a new level of excellence in Red Sea diving and kite surfing.

A full-page background image showing two divers in silhouette against a bright blue underwater scene. Sunlight rays penetrate the water from above, creating a dramatic effect. Bubbles are visible around the divers. The text 'Diving Safaris' is centered in a large, white, bold font.

# Diving Safaris

# Why the Red Sea?

Recognized as one of the world's top water-sport destinations, the Red Sea offers a unique combination of pristine reefs, crystal-clear visibility, steady winds, and year-round warm weather. Beneath the surface, it is one of the world's best diving regions, home to hammerheads, whale sharks, dolphins, and vibrant coral reefs. Above the water, it is equally famous for world-class kite surfing conditions, with flat lagoons and steady winds that attract riders from across the globe. This powerful combination of diving and kite surfing makes the Red Sea a truly unique destination where adventure seekers can enjoy the best of both worlds in one trip.

# Our Trips & Itineraries

## Sample Itineraries for Divers:

- Deep South Expedition – Discover the untouched reefs of St. John's and Fury Shoals.
- Daedalus & Brothers Adventure – Shark encounters, pelagics, and dramatic drop-offs.
- Classic North Safari – Wrecks of the Thistlegorm and Abu Nuhas, combined with Ras Mohammed's vibrant reefs.

Every itinerary is flexible, adapting to weather and group preferences.

# Kite Surfing Safaris

An aerial photograph capturing a kite surfer gliding across the water at sunset. The sun is a bright, glowing orb on the horizon, casting a long, shimmering path of light across the water's surface. The kite, with a colorful geometric pattern, is visible in the air, connected to the surfer by lines. The surfer is leaving a white wake behind them. In the background, a wide, flat beach stretches out towards the horizon, with a few small figures of people visible. The overall scene is serene and adventurous.

# Kite Surfing in the Red Sea

Alongside our world-class diving safaris, Red Sea Liveboards offers unforgettable kite surfing expeditions across the Red Sea. With consistent winds, crystal-clear waters, and stunning island lagoons, the region is a true paradise for kite surfers. Our kite surfing trips are designed for surf schools, travel agencies, and sports clubs looking to expand their adventure travel portfolio. We provide full liveboard facilities, professional support, and access to the best kite spots.

## Highlights:

- Reliable year-round wind conditions
- flat-water lagoons and open-sea downwinders
- 7-day liveboard programs combining comfort & adrenaline
- Options to mix kite surfing + diving for dual-experience packages

# Why Partner with Us?

We believe in building strong and lasting B2B relationships. By partnering with Red Sea Liveboards, you can expect:

- Special Rates & Commissions tailored for dive centers and agencies.
- Group Discounts to support your bookings.
- Marketing Support, including ready-to-use visuals and itineraries for your clients.
- Professional Service from experienced dive guides and multilingual staff.
- 24/7 Assistance to ensure smooth operations from booking to trip completion.

# Safety Standards

Your clients' safety and satisfaction are our top priority. Our liveaboard fleet (and partner vessels) are well-maintained and equipped with all necessary safety measures, including medical oxygen, first aid kits, and emergency protocols. With experienced guides and trained crew onboard, every safari runs under the highest safety and operational standards.

# Let's work together

Our goal is simple: to deliver exceptional Red Sea diving and kite surfing experiences while helping our partners grow their business. By working with us, you can offer your clients world-class adventures with the confidence of a reliable, professional partner.
