Introduction Full Version

Ladies and gentlemen, Rotarians, Rotaractors, and distinguished guests,

It is my deepest honor to introduce to you a leader whose life is a testament to service, compassion, and excellence.

Our District Rotaract Representative for Rotary Year 2025–2026, Jacob Erm Jericho Dolino, is not new to leadership. His heart for service began during his college years at the University of Cebu – Banilad Campus, where he served as President of the Community Awareness and Relations (CARES) Department. Even at a young age, he led various community outreach programs and mobilized youth volunteers to uplift underserved communities.

Upon earning his nursing license in 2019, he immediately entered the healthcare field with the same passion for helping others. He currently holds multiple leadership roles at St. Vincent General Hospital in Cebu City, where he serves as the Head of the Infection Prevention and Control Services and Public Health Unit, and Hospital Incident Commander. His work, especially during the height of the COVID-19 pandemic, protected countless lives and stood as a model of effective crisis response. He is also pursuing his Master's degree in Nursing at the University of Cebu – Main Campus.

But Jacob's journey took a transformative turn when he joined the Rotaract Club of Cebu Fuente. What started as a simple desire to continue serving became a lifelong commitment. He served as the Life-Changing President of his club in Rotary Year 2021–2022. Under his leadership, the club flourished and was awarded the Platinum Distinction Award—the highest recognition at the Pilipinas Groundbreaking and Exemplary Accomplishments of Rotaractors (GEAR) Awards 2022—making it the only club in RI District 3860 to achieve such a distinction.

In RY 2022–2023, he became the Assistant District Rotaract Representative of Cebu and the Rotaract Statistics Associate of Pilipinas MDIO, championing data-driven decision-making and club support.

He further stepped up in RY 2023–2024 as the District Rotaract Membership Statistics Officer and End Polio Now Chair, aligning the district with Rotary International's global priorities and strategic goals.

Then, in RY 2024–2025, he took on even greater responsibilities—serving as the District Secretary of RI District 3860 Rotaract and as the Learning and Development Officer of Pilipinas MDIO. These roles allowed him to help shape the future of Rotaract leadership and learning across the multidistrict platform—training leaders, nurturing clubs, and amplifying voices across the nation.

Outside the Rotaract world, he actively contributes to the nursing profession. He served as Public Relations Officer of the Philippine Nurses Association (PNA) Cebu Chapter for two consecutive years and held the position of Vice President for Programs and Development for the calendar year 2024. He was also a Committee Member of the Nursing Service Committee of the PNA National. In December 2023, he was recognized with the Adecco Healthcare's Choice Award by the College of Nursing Education and Training Australia for his outstanding contributions to public health and underserved populations.

And now, in this new Rotary Year, Jacob takes the helm with the presidential theme, "Unite for Good." His leadership vision calls for solidarity, collaboration, and a renewed focus on impact. He challenges us all—club presidents, officers, and members—to reflect on what we want to achieve and to work together in building a better district and a better world.

Friends, leaders, and changemakers—

Please help me welcome a passionate nurse, a devoted servant leader, and our trailblazing District Rotaract Representative for Rotary Year 2025–2026,

Jacob Erm Jericho Dolino.
