Changing Trends of UPSC Mains GS 3

- **Economy Questions on Policy and Reforms:** Questions focus on the impact of government policies, budgetary reforms, and economic challenges facing India.

- **Environment and Climate Change:** Increasing emphasis on climate change, biodiversity conservation, international environmental agreements, and sustainable development goals (SDGs).

- **Science & Technology Applications:** Questions emphasize the practical applications of science and technology innovations and their impact on society and the economy.

- **Security Concerns:** Topics now include internal security, cyber security, terrorism, border management, and geopolitical threats.

- **Data and Analytical Questions:** Use of data interpretation and analytical problem-solving is growing, testing conceptual clarity.

- **Focus on Government Schemes:** Questions often ask about implementation challenges and outcomes of various schemes and initiatives.

- **Interdisciplinary Approach:** UPSC increasingly asks questions requiring understanding across economy, environment, and technology fields to reflect real-world complexity.

AIR 472 Sahil

AIR 494 Abhinandan
(Public Administration)

AIR 859 Gaurav Singh

Thank you, Monish Sir, for your consistent guidance. Your daily feedback on my GS 2 and GS 4 answers helped me identify gaps and improve steadily. Greatful for your time and support.

- Madhav Agarwal, AIR 16, CSE 2024

Expressing my gratitude to Monish Sir. I wrote daily GS 2 and GS 4 answers before prelims under his guidance. It helped me to identify mistakes early on.

- Suramya Sharma, AIR 281, CSE 2023

Monish Sir helped me improve the quality of my answers. The personal attention given by Sir on my answer copies with detailed feedbacks helped me a lot. I thank Sir for my success.

**- Gaurav Singh, AIR 859, CSE 2023**
