Changing Trends of UPSC GS4 (Ethics)

- **UPSC in recent times (since 2020) has significantly changed the pattern of theory and case study questions** in GS Paper 4 (Ethics).
- **Theory questions have become more analytical**, with multiple layers to interpret. Similarly, **case studies have evolved to include several dimensions**, often containing layers within layers.
- **In the CSE 2022** the entire question paper was of 3200 + words unlike CSE 2019 which was of 1200 words (now you have to put double the time in reading and understanding the question)
- **In the CSE 2023** the UPSC again tinkered with ETHICS paper as the paper was of 2207 words which is 1000 words less than the CSE 2022 further the longest case study in CSE 2023 was of 426 words as compared with 600 words in CSE 2022.
- **In the CSE 2024** the UPSC again tinkered with ETHICS paper as in CSE 2023 as the paper was of 2500 words (cse 2023 -2207 words), which is approx 1000 words less than the CSE 2022 further the longest case study in CSE 2024 was of 472 words as compared with 600 words in CSE 2022.
- On the whole one can as of now decipher **three patterns in GS4** with regards the length and the difficulty level of questions till 2019 easy to moderate level
 1. **2020 - 2022 Difficult level**
 2. **2023 - Moderate to difficult level**
 3. **2024 - Difficult level (especially theory section)**
- **Aspirants should be prepared for all types of trends**, as UPSC may again introduce new variations in the GS4 paper in **2025 Mains**.
