

LYNDELL GRANT

Full Stack Software Developer
Technical Specialist
Project Management

PROFILE

Results-driven software engineer with a Bachelor's degree and years of hands-on experience in designing, developing, and deploying full-stack web applications. Adept in both frontend and backend development with a strong command of modern JavaScript/TypeScript ecosystems and Python. Experienced in delivering scalable solutions using React, Nest.js, and Next.js across various runtime environments including Node.js, Python, and Java. Committed to writing clean, maintainable code and continuously improving development workflows.
