Risk Assessment and Audit Management Services

Delivering Insight, Confidence, and Compliance for Executive Leadership

1. Executive Summary

Modern enterprises face a constantly evolving threat landscape, regulatory pressure, and an increasing demand for transparency and accountability. Data Center Assistance Group, LLC delivers comprehensive Risk Assessment and Audit Management services designed to identify, assess, and mitigate operational, technological, and compliance risks across the enterprise. We apply a hybrid methodology rooted in NIST SP 800-30 and ISO 31000, tailored for both internal enterprise resilience and external regulatory readiness. Our approach empowers executive decision-making through clear insight, measured risk exposure, and strategic audit preparedness.

2. Business Challenge
