RICERCA DI NUOVE TENDENZE

si distingue per la varietà del suo catalogo. L'offerta si rinnova costantemente, con oltre 30 nuovi articoli ogni anno, frutto della collaborazione con designer, fornitori e università.

NEW TRENDS

stands out for the variety of its catalog. The offer is constantly renewed, with over 30 products every year, the result of collaboration with designers, suppliers and universities.

Soluzioni **complete, modulari e componibili** per l'allestimento dell'intero punto vendita.

I molteplici sistemi si differenziano per la sezione del tubo - **quadro, rettangolare e tondo** -, che conferisce caratteristiche **estetiche** e di **robustezza** specifiche. Dai più tradizionali sistemi in **dogato** o **griglia**, ai più originali in **tondino edile** o **giunto idraulico**, tutti sono corredati da una varietà di **accessori** che li rendono adatti ai più svariati settori merceologici.

Modular shop-fittings solutions and retail equipment.

The systems differ in tube section - **square, rectangular, round** -, providing specific **aesthetic** and **robustness** features: from the most traditional systems for **slatwall** or **grid**, to the most original ones in **rebar** or **hydraulic joints**.

There is a variety of **accessories** that make them suitable for different uses and contexts.

SISTEMI CAVETTATI P50 RACK SYSTEMS P50

02

Una vasta gamma di **sistemi asolati** per la realizzazione di arredi funzionali ed economici. Questi articoli consentono di attrezzare ampi spazi grazie sia agli **elementi a muro**, che garantiscono continuità anche su pareti molto estese, sia alle **strutture autoportanti**, adatte alla creazione di isole espositive. Completano la sezione una varietà di **accessori ad incastro**, che permettono di ottenere molteplici allestimenti, **ricongfigurabili** in maniera semplice e veloce in base ai prodotti esposti.

A wide range of **slotted** systems for the arrangement of functional and economic furnishings. These items allow to equip large spaces thanks both to **wall elements**, which guarantee continuity even on very wide walls, and to **free-standing structures**, useful for exhibition islands. The section is completed by a variety of **interlocking accessories**, which allow to equip **multiple layouts** and can be quickly and easily **reorganised** to fit the product to display.

TUBI e GIUNTI TUBES and JOINTS

03

Le soluzioni in tubo e giunto rappresentano la massima espressione di **flessibilità** e **personalizzazione**. Combinando i tubi, disponibili in diverse sezioni, con l'**ampia gamma di raccordi** è possibile progettare **soluzioni uniche** e assemblare strutture che si adattano perfettamente agli spazi e alle **specifiche esigenze** dei clienti. È un sistema molto **versatile**, che trova applicazione in svariati ambiti: dai negozi di abbigliamento alle **profumerie**, dalle cabine armadio agli scaffali per **casalinghi/erboristerie**.

Tubes and joints represent the maximum expression of **flexibility** and **customization**. By combining tubes, available in different sections, with the **wide range of joint** it is possible to design **unique solutions** and to assemble structures that **perfectly fit** customers' spaces and needs. This is a very **adaptive** system, that finds application in various areas: from clothing stores to **perfumeries**, from wardrobe cabins to **household products** or **herbalist shops**.

STENDER e GONDOLA STENDER and GONDOLA

04

In questa sezione è possibile visionare un'innumerabile quantità di **stender appendiabiti**, con modelli variabili per forma, dimensioni e capacità di carico. Accanto ai più comuni stender a **barra appendieria**, nelle versioni ad altezza fissa o regolabile, sono disponibili soluzioni **pieghevoli**, oppure per **carichi pesanti** o anche **stender di design**, innovativi nella forma o nei materiali. Sono anche disponibili le soluzioni a **gondola**, compatte e liberamente accessorizzabili con mensole o appendieria.

In this section it is possible to explore a countless number of **clothes rails**, with different shapes, sizes and load capacity. In addition to the most common **hanging bar** models, in the fixed or adjustable height versions, we supply **folding, heavy loading** and **design** garment rail, innovative in shapes or materials. **Gondola** systems, **compact** solutions that can be **freely equipped** with shelves or hangers, are available for any need.

COMPLEMENTI FURNITURES

05

La possibilità di progettare soluzioni d'arredo complete è garantita dalla notevole quantità di accessori e complementi: **tavoli, camerini, specchi, portacartelli** e **espositori** da banco, vetrina o parete. Vi sono, inoltre, due sezioni dedicate ai **divisori da banco** e alle **decorazioni** per festività.

The chance of designing complete furnishing solutions is guaranteed by the remarkable amount of accessories: **tables, dressing rooms, mirrors, card holders** and counter, self-stand or wall **display**. There are two special sections: **protection shields** and **seasonal displays**.
