# **The North Louisiana Fly Fishers is a comprehensive flyfishing club:**

Established in 1984, The NLFF is affiliated with Fly Fishers International and is composed of a core group of very experienced fly fishers. In addition to this group of experienced fly fishers is a large population of intermediate fishermen. Most importantly, the NLFF club has a healthy contingent of people just learning how to fly fish who are members of the club. No matter what your skill level, you are welcome to join. The goal is to help each other in the sport. The goal is also to enjoy the magnificent fly fishing journey. The sport can refresh the soul, mind and spirit. Come join us on the journey.

## **6 Main components of the NLFF:**

- 1) **Education:** We teach all aspects of skills and techniques associated with fly fishing. Casting, rod assembly, knots, fly ID courses, line management, gear reviews, and safe wading are just a few of the topics addressed.
- 2) **Destination Programs:** We provide programs and lectures on ideal locations to fly fish. Secret locations, easy wading river bottoms, rivers, ponds, lakes and streams are all presented. Some close, some more distant. We also share current fishing reports.
- 3) **Fishing Trips:** We organize trips to rivers, streams, ponds and lakes. We fish cold water and warm. We even offer salt water trips.
- 4) **Fly Tying:** We offer complete fly tying instruction. We provide you all the tools you need to tie you own fly, plus a one on one instructor.
- 5) **Social Activity and Community involvement:** The NLFF has given back to the community with involvement in Veterans Projects, Reel Recovery, Refuge summer camps, and more.
- 6) **Travel:** We support, participate, and travel to regional fly fishing conventions, and gatherings.

We will enjoy each others chili and then have a mystery fly tying contest. We will have prizes for the best two tied flies voted on by those in attendance.

# Helpful information on how we program our fly fishing meetings:

We Strive for each of our regular club meetings to have something for everyone. We do not want to waste your time. We need you at the meeting, and we want to make the monthly meeting worth your while to attend.

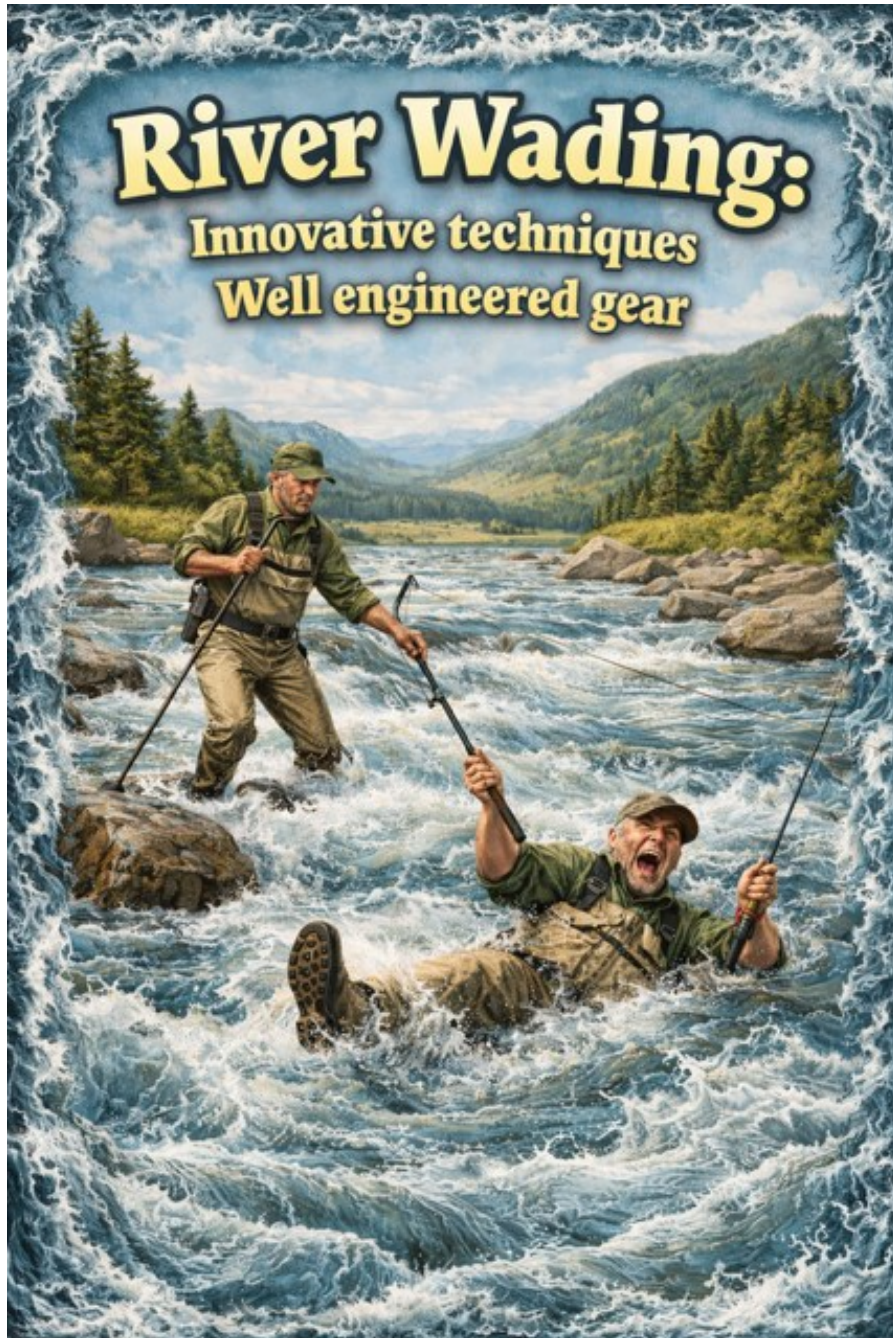

## Each meeting will have two components:

- 1) **Technical** This is very often a practical topic to help you have a more enjoyable day on the water. For example, it might focus on handy knots to tie, more efficient ways to cast, The best leader and tippet designs. Anything to help you at the ground zero level of fly fishing.
- 2) **Inspirational** This portion of the meeting is often on fly fishing destinations. They may be local, regional, or more distant. But we try to make it a practical trip for you to embark upon. It could also be about the Red River Refuge or other topics such as conservation. This portion of the meeting is like a little vacation in the middle of the week for your mind. Hopefully it excites you to get out there and cast a line in the beautiful water that surrounds Northwest Louisiana.

We always enjoy sharing new and different techniques.

The fly tying session is organized in a lesson format. An instructor chooses a fly that is a guaranteed fish catcher in the Ark-La-Tex. The lesson follows the process of constructing the fly step by step. An experienced floater tyer is available for those that desire a little extra assistance.

It is the charge of the North Louisiana Fly Fishers to afford the general public and our members in particular, a better understanding of Fly Fishing, Fly Tying, and Rod Building. We wish to perpetuate the sport as a most pleasurable and exciting fishing method and provide education, instruction and the opportunities for relaxation to the membership.

The North Louisiana Fly Fishers (NLFF) Club serves the Ark-La-Tex area surrounding Shreveport. As the closest cold water fishery, we consider the Little Missouri (Little' Mo) River near Murfreesboro, AR our home waters. We also fish the local rivers and lakes. We even have a growing group of kayak fishermen that, as well as the local rivers and lakes, will fish the gulf coast marshes for some saltwater action!

We meet the second Tuesday of every month at the Red River Wildlife Refugee (150 Eagle Bend Point, Bossier City, LA). Meeting starts at 6 pm, tie flies and practice casting when the weather permits. See you there!

Outings.....

# A little bit about NLFF fishing outings...

## Variety:

At the NLFF we strive to have outings perfect for everyone, no matter what their skill level. Some trips are more challenging than others. Some require no special equipment, just a swim suit and tennis shoes. Some require waders and wading equipment, some are best enjoyed in a kayak. Some offer pier fishing and no special equipment at all is required.

## Length of time:

Many of our club outings are day trips. Some are overnight trips during the weekend. Some are 2 or 3 night trips. From time to time we schedule trips mid-week if required due to conflicting events. Often mid-week trips avoid weekend crowds.

## Distance:

Some trips are local, some are a easy drive appropriate for a day trip such as Jefferson TX or Kisatchie Bayou. Some trips are over night. Most trout trips are over-night. Some trips are 2 and 3 nights at more distant locations such as the Little Red at Heber Springs.

There is a trip for everyone. Some go to them all. Join the adventure!

# February

Equipment: Waders are needed for most fishing locations. Kayak optional

# ICE COLLAPSES

# SWAHA MARINA ROOF

Disaster has struck at our beloved home away from home...SWAHA. Pray the owners can recover.

I was recently challenged by my 3 person Christian men's group to write my own Psalm. "How do I do that?" I asked myself. I then had a tough day on the water and these words came to me:

## **Psalm of a Fisherman**      By Scott Irwin

O Lord, my heart is in anguish.

My soul is troubled.

I travel far distances for angling success, yet return home defeated.

My eyes look to the heavens and I pray for favor, yet I have none.

I cry out "Lord, deliver these aquatic creatures to me" but you do not hear me.

They dart to the left of my fly, and to the right. But bite they do not.

They mock my every way. They leap over my strike indicator, they cast indignant glances at my submerged rig.

O, what a wretched fisherman am I!

Why cannot I catch what I want to catch, but do catch what I do not? A rotting leaf or aquatic grass are common trophies, but no fish do I land.

O what a tangled line I cast!

Shrub branches reach out to me and cause me grief, entangling my tippet.

Continued on next page....

Trees, which have no legs, run to my folly. In their branches lay my fly.

A successful cast, a natural drift, a twitch of my strike indicator, and the setting of a hook is all I yearn for. Yet it does not happen.

Why O Lord, can I not catch a fish?

Are my motives impure? Does a plank lay in my eye, which I cannot see? I have questions but no answers.

Torment is added to my spirit: A boy to my left who has not obtained manhood, withdraws your finny creations from the crystal clear waters with ease.

Adults with less experience than I do the same on my right.

Why O Lord, is my hook barren?

Why O Lord is my line slack?

Though I walk through the river in the shadow of bluffs, I fear no fishless day, for you are with me. The rod & staff I received for Christmas comforts me.

Yet, try as I may, my line remains limp.

I scratch and claw myself over jagged rocks to find that place of refuge for those willing slivery underwater flashes of light that will bite, but I find none.

Continued....

O Lord, why have you cast this spell on me? Why Lord, is their favor on those around me?

I cry out for an answer, but I hear none.

But Lord, I know that all you do is for my good.

I patiently wait on you, Lord, for that nibble on my line.

But even if a fish does not bite, I will have faith in you. One day, you will deliver the creatures of the deep into my hands.

And when you do, Lord, I will handle them with care, respect, and justice. Only barbless hooks will grace their lips. A net with the constitution of a pillow will they lay. After a brief acquaintance, they will be let free. They will be delivered from my grasp yet have made my heart sing.

But until that day, Lord, I will raise my eyes to the nature of that you have created.

I will marvel at the birds circling high above the trees. I will embrace the cool breeze that graces my cheek. Lord, I will bask in the gentle warmth of the sun, which you created. I will sit down on rocks which somehow embrace me in a warm hug when I pause to rest my weary bones.

Lord, you are good. I will count the blessings that you rain upon me until that which I desperately yearn for is cast upon my angling adventures.

Continued.....

I trust in you Lord to one day draw my line taunt, , put a bend in my rod, and allow me to heave into my net, a specimen from the deep of unequal qualities.

For God, your ways are always for my good, and I will trust in them for ever and ever....

Amen
